

Understanding the Times and Knowing What to Do (Sept 11th 2022)

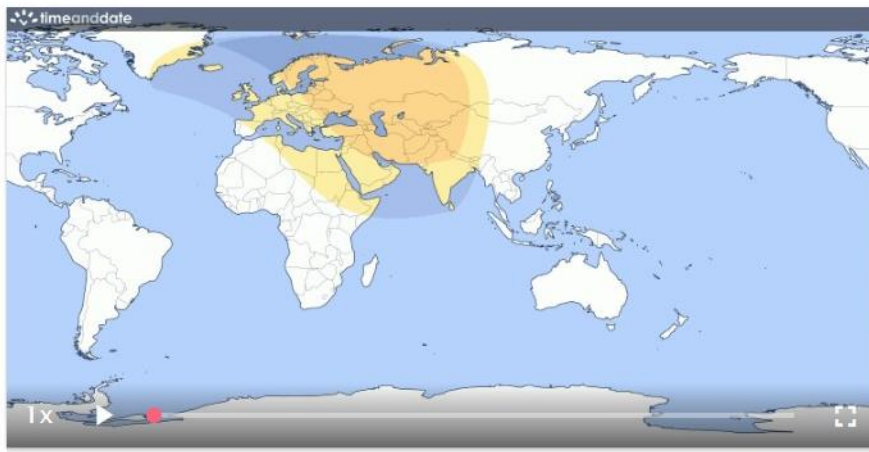

[AUDIO VERSION](#)

In this message I discuss some observations made during the events of the past week and their significance spiritually. These are my original notes made for the audio version of the message and I went off script and added more into the audio message, so after reading below, you can get the extra information by listening to the audio version 🎧

The orthodox dates for the Fall feasts begin on evening of 25th September.

On www.hagmannreport.com/videos, two messages on 25th of Aug 2022, exactly a month before orthodox RH5783, warn of all major financial crashes as far back as 1929, having taken place on the high holy days of the Jewish calendar and also in close proximity to solar and lunar eclipses. There is a partial solar eclipse on 25th September, in the daytime before orthodox Rosh Hashanah 5783 begins at 6pm. It will affect the regions depicted on this map.

Solar eclipses are always a warning to the nations of the world. Lunar eclipses speak of trouble coming for Israel.

Both the financial crash of 2001 and of 2008 took place on Elul 29th of that particular Jewish year. At the end of every 7 years in Israel, debts were cancelled on the last day of the year (Elul 29th). It is called the Shemitah. The orthodox Jewish calendar date of Elul 29th takes place on September 25th this year and 5782 is a Shemitah year; it is the 7th year in a cycle of 7 weeks of years – the 49th year. 5783 is not only the 50th year in this cycle, it is considered by some to be the 70th Jubilee. Interesting that the queen had her 70th Jubilee celebration (celebrating 70 years of rule) not long before she died.

I have heard several reports from different quarters warning of the intention to cause a major financial crash some time in the latter half of Sept or early October, in order to begin to institute the great financial reset and introduce the new digital currency. One expert warned that once the Euro crashes, it will be two weeks until the US dollar crashes. In line with those educated warnings, it is significant that the pope has ordered all finance connected to the Catholic Church branches to be moved to the Vatican bank by Sept 30th 2022. Sounds like he knows something is coming.... Saints, pray for wisdom and divine counsel concerning your own finances. Remember that during financial upheavals, banks often go offline or limit customer transactions and afterwards, prices of commodities go through the roof. Use these remaining days of September very wisely in regard to preparation under the Holy Spirit's guidance. Make sure your wallets belong to God and you use their contents under His direction alone. If your vehicles need servicing or parts replaced and you can afford it, do it now. If you are in a part of the world which is heading into autumn and winter, get wood supplies and whatever other products you will need to keep warm. You do not only need supplies for one or two weeks. Prepare for a significant storm; one so great that there is absolutely no chance of you slipping out the front door to buy bread and milk, because the sheer force of the stormy wind will not let you open the door even one inch. The money you have in your hand in these days will have more purchasing power

than it will in six weeks' time, so be wise like the ant and gather your supplies for this 'dark winter' as He leads, while you still can. If the storm should be delayed because of God's mercy, the supplies you have on hand will still be of use to you, so you lose absolutely nothing by preparing.

The death of the queen of England on 8th Sept 2022 is a significant time marker. 3 days later is the 21st anniversary of 9/11. That is 7+7+7. On 9th day of the 9th month, King Charles III was announced as her successor. 9+9=18 which is also 6+6+6 (666). And there you have a nod to the incoming antichrist era. On the day of her death, I had an interesting vision. I saw a tiddlywink lying on the edge of a wooden table. Then a hand holding another tiddlywink launched this stationary one lying on the table into the air and it somersaulted down and struck a house of cards that was built below it. This caused the house of cards to fall in on itself and afterwards, all the cards lay in a pile on the floor. I had the distinct knowing that this house crashing down represented the financial system currently standing in this world. I also sensed the first tiddlywink lying on the table was connected to the death of the queen of England. Tiddlywinks is an idle and trivial game and the scene I witnessed suggests that a hand will set in motion some form of movement that seems unimportant when viewed, but it will have devastating consequences to the financial systems of the world.

I found it very interesting that the early barley calendar Yom Kippur took place the day before the queen died. I have mentioned that I felt that the significance of these early celebrations were in order to prepare and equip a forerunner company, who would then be found fully ready at the appointed time. Knowing that the illuminati pay attention to the orthodox Jewish calendar, I strongly sense that the orthodox Fall Feasts this year are going to trigger a succession of destructive events. Just before the queen's death was announced, a double rainbow appeared over Buckingham Palace. Some saw it as a sign of God's evident favour and blessing on the life of this queen but I would like to point out that the rainbow is connected to Noah's flood; the judgement of the earth by water. What does the Bible say concerning that event?

Mat 24:37 As were the days of Noah, so will be the coming of the Son of Man. Mat 24:38 For just as in those days before the flood they were eating and drinking, [men] marrying and [women] being given in marriage, until the [very] day when Noah went into the ark, Mat 24:39 And they did not know or

understand until the flood came and swept them all away--so will be the coming of the Son of Man.

In my opinion, that double rainbow is an indication that a period of judgement is about to be unleashed and yet the people will just carry on about their daily lives, unaware and having no understanding of the times. Noah was a preacher of righteousness, who warned the population over and over of coming judgement but they took no notice. Then one day, the ark door shut and the rain began. In the same way, there have been years of warning by faithful servants of God of the need to get right with Him. Soon those warnings will cease and the prophesied judgements will begin to roll out, and I get the sense they will be like a row of neatly set-up dominoes falling one after the other. You will not have time to fully comprehend the falling of one domino before the next one plunges down. And only those prepared will be unshaken as this occurs.

Not coincidentally, I have been writing of the need for preparing as a Bride for the Bridegrooms' coming since 2008. That is 14 years; two cycles of 7 years. I am sensing the time of speaking out in warning is rapidly drawing to a close. When it is done, the ark door closes and people will think, "Thank goodness those tiresome Christians have stopped going on and on!" They will plunge back into their sinful self-centered lives and will not see the judgement barreling towards them until it hits.

For those of us who are watching and looking for the coming of the Lord, these things which are unfolding before our eyes do not take us unawares. This is the time we position ourselves fully under the wing of the Almighty. He is our shelter, strong tower, refuge, deliverer and shield. On Friday 9th September, I was driving around and a car passed me with a number plate that said 'Bulwark'. A bulwark is a fortress, a strongly guarded and safe place. God is our Bulwark during the storm about to be unleashed.
