

# HERALD OF A NEW DAY DAWNING

11 August 2024

## [AUDIO VERSION](#)

Hello precious Remnant.

It is Sunday, 11<sup>th</sup> of August 2024. I just want to pray before we begin. Father, you called on Your people to have understanding of the times, so that they would know what to do, and Lord, in order to understand the times, we need to look at the points on the map on earth, as well as in heaven. We need to listen for your still small voice, we need to pause and seek understanding before we step out in our next move.

I pray Lord, that as I share what You have given me to share on this pivotal day, that you would release the Spirit of revelation and understanding to Your people, that they would receive light and truth, that it would not only be the giving of information, but that there would be impartation to give momentum to their journey, to cause them to be re-energized, more minutely focused, with greater clarity of Your will and Your purpose in these days. We desire that our lives would bring You glory Lord. Whatever brings You glory, be it unto us, whatever brings You glory, as this tip of the spear is straining its spiritual ears to hear Your still small voice, and searching with their spiritual eye to see the slightest direction and marker on the map. Lord, I thank you that You come and You make our paths straight, and You lead us into all truth.

So in my last message, Beloved, I shared about the two different calendars, the Hillel and the Early Barley calendars, and what is unfolding on pivotal dates of this month that we have entered into. I mentioned that today, 11<sup>th</sup> of August, is the closing ceremony of the Olympics. It begins at 8pm at night in Paris, France, and it ends at 10.30pm.

You know, the Lord has an amazing way of bringing information we need across our paths. Last year I wrote a series of messages called 'The Rising Morning Star', speaking about the Manchild Company that is being prepared to rise into assignment and deployment in these end times. I spoke of the rising of the star Sirius in the sky as the morning star. It normally appears somewhere between July and September. It's first rising is called the heliacal rising of the star.

Yesterday, the Lord provided me with information in this year, 2024. For Jerusalem on the map, the heliacal rising of the star Sirius is on 12<sup>th</sup> August 2024 - that is tomorrow, Monday. At 4.46am, the star Sirius arises and is sighted for the first time in 2024 over the city of Jerusalem, and then the sun rises at 5.23am. That immediately set off a gong in my spirit, and I

pulled up the messages from last year, The Morning Star Rising series.

The Lord reminded me that just as there is a true rising of the Morning Star Company, the enemy also counterfeits and causes the rising of his herald of the coming son of perdition. I want to share with you what the Lord has lead me to in the last day, and then I am going to read a little bit from The Morning Star Rising from last year, just to give background to those who didn't hear it, and then I want to share something that is congruent to the anniversary of the days we are walking through now.

On the dark side, there are pagan rituals that have been connected to the rising of Sirius for centuries. The ancient Egyptians appear to have constructed their 365 day civil calendar corresponding with Sirius' return to the night sky. The ancient Egyptian New Year was celebrated with the annual flooding of the Nile, after long seasons of drought, which brought obviously rebirth and fertility to the land, both symbolically and literally. The Egyptians associated the star Sirius with the great mother goddess Isis. Sirius was considered to be a manifestation of Isis by the Egyptians, and they attribute significance to Sirius for the afterlife. The journeying of the deceased through the realm of the dead was often depicted as a boat sailing towards Sirius, a destination of spiritual transformation and eternal life.

We know that the Egyptians were looking through a glass darkly, because they did not have the Saviour; Yeshua, Jesus Christ the Messiah, to lead and guide them and bring them light from the Father, so they were worshipping demonic entities. This is very important concerning the rising of Sirius, because if we were in ancient Egypt, tomorrow morning, when Sirius returned to the night sky in Israel it would be considered the Egyptian New Year.

Knowing that the elite do pagan festivals to usher in their dark plans, the fact that the closing ceremony of the Olympics begins on the evening of the Hebrew day, which will be 8<sup>th</sup> of Av, the 12<sup>th</sup> of August (Remember the Hebrew day starts the night before; evening and morning is the Hebrew day. So on Sunday night, 6pm, the next Hebrew day begins, and that is the 8<sup>th</sup> of Av), at the pagan Olympic games in Paris, where much paganism has been depicted in the opening ceremony, we can no doubt expect the closing ceremony to be similarly offensive. And there is the handing over, or the passing of the torch from the Parisian Olympic team to the next holder of the Olympics, which I think is America; I am not sure which state it will be in, but that is quite interesting... So the Hebrew day during which Sirius appears on the right hand side of the sun, just before dawn, to herald the coming of the sun, is launched with the closing ceremony of the Olympic games.

In Egypt, they noted that at the moment when Sirius arose for the first time above the horizon, the sun, Sirius and the earth were in a straight line across space. Almost all the Egyptian temples were aligned with this line, including the gaze of the Sphinx, which is almost due east. Now many of the temples had a tiny hole in the wall somewhere, and then there would be another tiny hole through another wall, and another, and another, going into a dim inner chamber in which there was something like a cube sitting in the middle of the room; a cube of granite, and it had a small mark on it. At the moment of the heliacal rising of Sirius, a ruby red light would strike that granite altar for a few seconds, and would announce the beginning of their New Year, and the first day of the ancient Sirian calendar.

Now I am going to quote to you from The Rising Morning Star, Part 3; the series I mentioned from last year.

*“In Amos 8, God’s judgement is connected and pegged to the time of the flooding of the Nile in Egypt, which happened in the season when Sirius rose as the morning star. Amos 8 also references days of darkness being experienced. So Amos 8:8 says this,*

*“ Shall not the land tremble for this and everyone mourn that dwells therein? And it shall rise up holy as a flood and it shall be cast out and drowned, as by the flood of Egypt. And it shall come to pass in that day,” says the Lord God, “That I will cause the sun to go down at noon, and I will darken the earth in a clear day. And I will turn your feasts into mourning and your songs into lamentation and I will bring sackcloth upon all loins and baldness upon every head. And I will make it as the mourning of an only son, and the end thereof as a bitter day.”*

*Sirius rises prophetically as a herald of the day of the Lord, a time of great heat in the earth in the natural realm, as well as alluding to the heat of the fire of judgement, or the day that burns like an oven. It announces the coming day of judgement upon the wicked, and Amos mentions great floods of water, and darkness occurring. Amos 8:10 indicates that the coming feasts will be times of mourning and not celebrating.*

*The next feasts to occur after Sirius rises as the morning star above Jerusalem, are the fall feasts; Rosh Hashanah, Yom Kippur and Tabernacles.*

Because Sirius is rising on Monday morning, at 4.46am, on the 8<sup>th</sup> of Av, the day before the most tragic day of the year for the Jewish people, the 9<sup>th</sup> of Av, it seems like it is not a coincidence! When the Lord said that this week, the week we have almost completed travelling through, would be a tipping point week and a pivotal week, this does not seem to be an accident.

Carrying on with the reading from The Rising Morning Star, Part 3:

*The Counterfeit Rising.*

*Whatever heaven is doing, and the heavens are depicting, satan is copying. He has no ability to create but only to copy. The occult elite have designed many of the world's major cities with covert constellation alignments and occultic symbols hidden in the road layouts. What have*

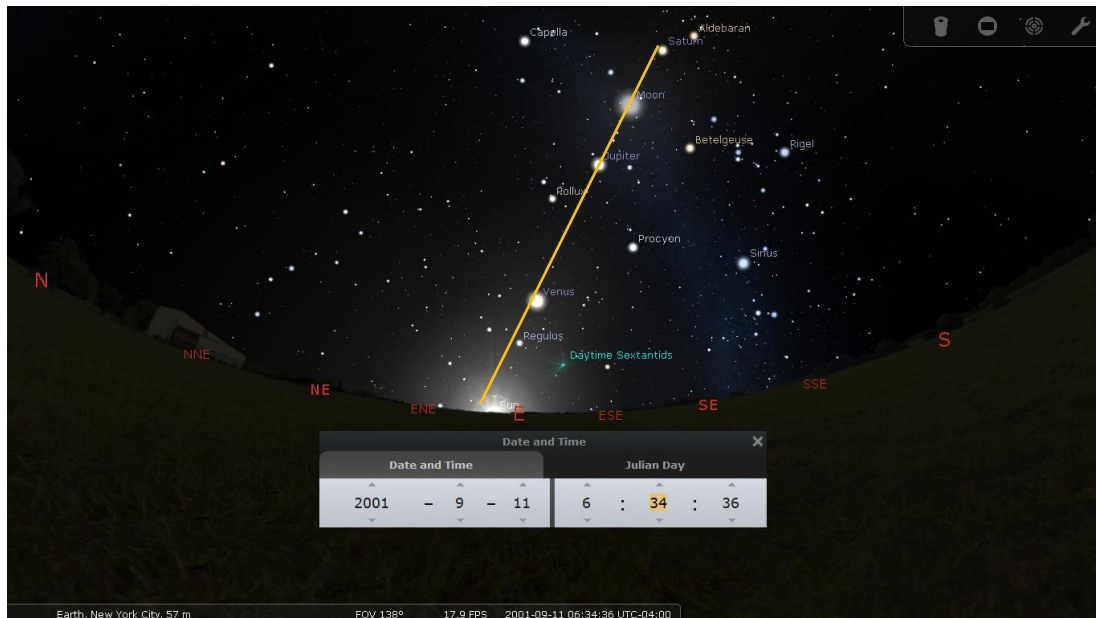

*they done concerning Sirius? Remembering both Sirius and the sun are worshipped by the occult. Did you know the Statue of Liberty, a depiction of Isis, is a carefully positioned depiction of the morning star rising? In the transcript that I am going to send to subscribers, The Burning Torch of Isis is seen in the morning watch, and she is of course modelled after the goddess Isis or Venus. Obviously when she is called the Statue of Liberty it is referring to casting off the restraints of the rule of God.*

*The star Sirius is a fixed star, always appearing in proximity to Gemini in the heavens, which depicts the bride and the bridegroom in Biblical understanding. In New York city, the statue of Venus or Isis, Venus is usually referred to as the morning star, was in alignment with the Twin Towers, depicting the Gemini constellation. However Venus is a planet and not a star, so how can it be the morning star? We don't call Jupiter or*

*Saturn 'stars'. On the day of the Twin Tower destruction, 11<sup>th</sup> September 2001, there was a very interesting alignment of the constellations in the heavens above New York. When you look at the picture in the transcript, you can see that Sirius appears higher than Venus, and therefore rose before it to the east of the coming sun, so Sirius is the true morning star in that time of the year.*

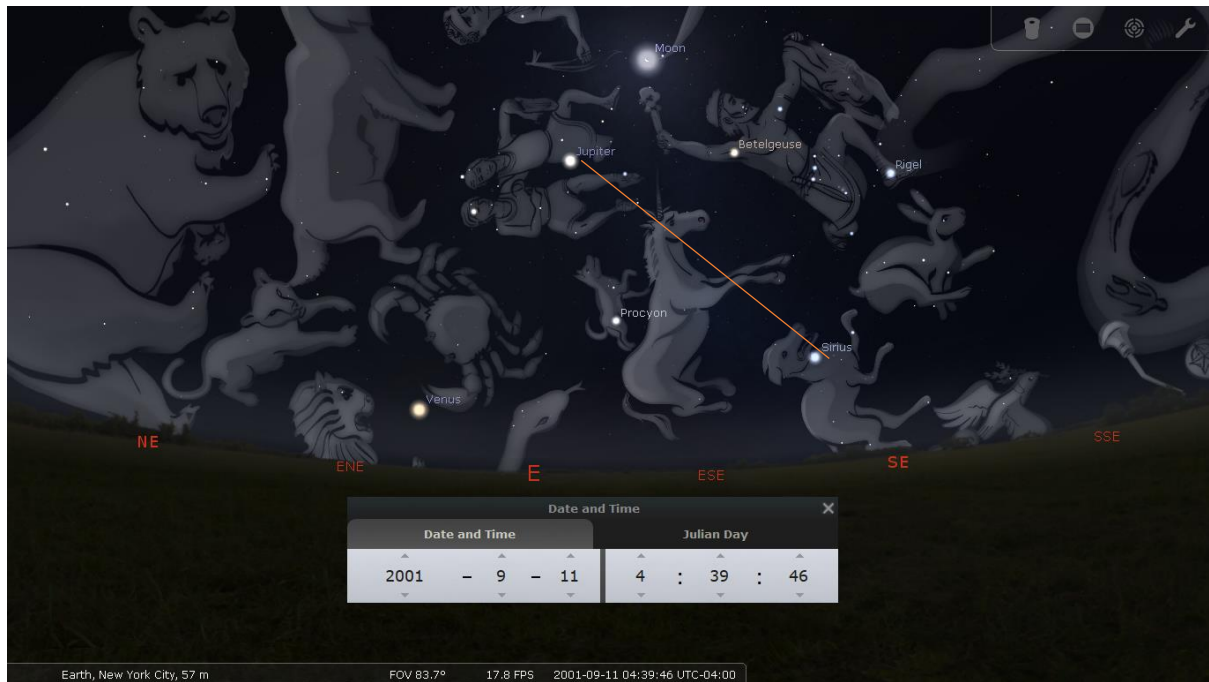

*And in order from the top of a straight line of planets above New York, you get Saturn, the moon, Jupiter, Venus and the sun, all in alignment at sunrise in the New York sky on 11<sup>th</sup> September. Considering the occult elite do all their rituals at an auspicious heavenly time, the occult beliefs, that tragedy was no accident. The fall of the Twin Towers was a massive blood sacrifice ritual to satan, and then, no surprise, the Twin Towers became one, a single tower originally called the Freedom Tower, freedom from the rule of God. The Twin Towers also represented two strands of human DNA, so perhaps the One World Trade Centre, as it is now called,*

*represents the engineered mRNA with its syringe needle headdress.*

*So what does the Freedom Tower, or the One World Trade Centre, depict in the heavenly constellations? If*

*you draw a line from Venus to Sirius in the heavenly constellations on 11<sup>th</sup> September 2001, it goes straight through the place where a single horn attaches onto a unicorn's head; the Monoceros constellation.*

*The Freedom Tower has a single horn on top of it, so instead of Venus and Gemini depicted in New York, we have the morning star Sirius, or Isis, and the Unicorn. The two towers were replaced by one tower, which was raised up in their stead, in some sense as there seemed to be a sun rising with great power.*

*Psalm 92, in the King James version, says, "My horn you will exalt like that of a unicorn". It depicts someone rising to power after being anointed, and the word translated 'unicorn' comes from a root word meaning 'to rise, or be lifted up'. Numbers 23:22 equates God's strength to the strength of a unicorn. The Hebrew word for 'horn' also means a 'ray of light or power'.*

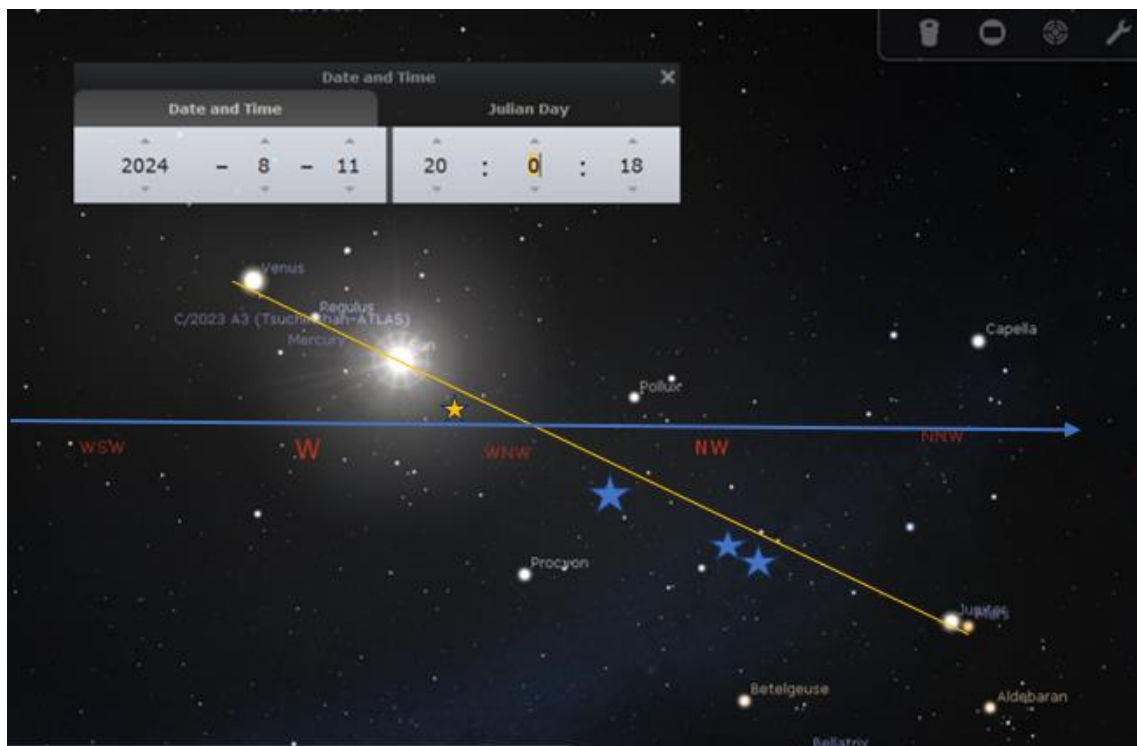

*Lastly I want to remind you that the counterfeit son of the right hand, the anti-christ, who is the son of the right hand of satan himself, is also going to be rising as a counterfeit morning star with his false manchild company around him. The truth of what God is doing will help you to identify and discern what the enemy is trying to achieve with the movements of the dark side.'*

So we need to get back to the 12<sup>th</sup> August 2024, tomorrow, and the heliacal rising of Sirius. We should maybe look at what is going on above the city of Paris, seeing as the closing ceremony of the Olympics is on the evening of the 11<sup>th</sup>, the beginning of the 8<sup>th</sup> of Av in the Hillel calendar.

Interestingly, Paris has a different heliacal rising date to Jerusalem. It has got to do with your line of latitude where a city is positioned. Since the 17<sup>th</sup> of July 2024 Sirius has been rising above Paris. So throughout the Olympic games Sirius has been the morning star above Paris. At these Olympics we have seen sharp contrast; transgenderism has been raised up, lauded, protected or criticized, but there have also been a handful of Christian athletes giving glory to God in any way they can; when they win, whether they are holding up signs or doing the deaf and dumb language with their hands, or just speaking out boldly. These ones stand out like stars against the darkness of the Olympic atmosphere and environment.

So the Olympic games closing ceremony is scheduled to start at 8pm their time, which is 7pm GMT, and here is the depiction of what is in the heavens above Paris at that time.

There is an alignment of planets and stars, 9 in total, above Paris. Three of them are above the horizon, three of them are below the horizon, but obviously in the heavens there isn't a horizon.

Above the horizon there is Venus, Regulus in the constellation of Leo, the sun, Acellus astrolis or the southern ass in the constellation of Cancer.

Below, there is Wasat, (meaning 'set in place'), there is the star Tejat, and Propus (meaning 'the branch'); all 3 of those are in Gemini, and then there is Jupiter and Mars.

So 9 heavenly bodies in alignment, as the Paris closing ceremony begins.

At the time of the closing of the Olympics at 10.30pm, Paris time, Saturn has just risen above the horizon in the east. How very interesting!

So on Monday, as I have said, it is the 8<sup>th</sup> of Av in the Hillel calendar. What happened on that day in Biblical history? Well, interestingly, the spies that had been sent out 40 days earlier by Moses to tour the Promised Land, returned to Israel encampment on the 8<sup>th</sup> of Av. They brought a huge cluster of first fruit grapes, and other lush fruits, bBut even while they were praising the land's fertility, they also terrified the people with tales of mighty giant warriors, and 10 of the spies said that the land was unconquerable.

Number 13:32 says, *"that the 10 spies brought the Israelites an evil report of the land"*. Numbers 14:1 tells us that *"the whole congregation of Israel cried and wept all night"*, so that is the night of the next next Hebrew day, the beginning of the 9<sup>th</sup> of Av. The Israelites wept all night and wailed and made a tremendous noise, *'and they grumbled and deplored their situation. They said we would have died in Egypt or in the wilderness'*.

Joshua and Caleb tried to speak some sense into them, and they said,

*"the land through which we passed as scouts is exceedingly good land. If the Lord delights in us, He will bring us into this land and give it to us. Don't rebel against the Lord, or fear the people, for they are bread for us."*

Then they say something very interesting. *'Their defence and shadow of protection is removed from over them but the Lord is with us. Fear them not.'* But the people weren't having any of it, and Moses had to intercede and ask God to pardon them.

All this is going on from when the spies returned on the 8<sup>th</sup> of Av, they cried in the night, which was the beginning of the 9<sup>th</sup> of Av, going into the morning of the 9<sup>th</sup> of Av. Moses is interceding and asking God to have mercy on them, because they were rebelling against God's will to bring them into the promised land. And God says,

*'Okay I will pardon them, as you wanted, Moses, but because all those men who have seen My glory, and the signs which I performed in Egypt and in the wilderness, and have tested and proved Me ten times and have not listened to My voice, they will not see the land which I swore to give to their fathers; nor shall any who despised Me see it'.*

So these people had had God deliver them from Egypt, and yet they were wailing and weeping because they heard about giants in the Promised Land. They were in total unbelief, even though God had done the most unbelievable miracles for them along the way. He says in verse 24,

*'But my servant Caleb, because he has a different spirit and has followed Me fully, I will bring into the land into which he went, and his descendants shall possess it.'*

Now that word 'different' (or some translations say 'another') spirit which Caleb had, is from a root word which means 'to tarry longer.' So when other people were in the presence of the Lord and they left again, Caleb was the kind of person who stayed longer, just like Joshua, who stayed in the tent in God's presence when Moses left to go and speak to the people.

So we know from what God said about Caleb, that following God fully or wholly, gets you the experience of the fullness of your inheritance. The word 'wholly' or 'fully' means 'to fill, to consecrate, to furnish with arms, or to flow'. The word 'followed' is the word H310, and it means 'the hind part, or the remnant'. So when it says 'wholly followed', it is talking about the consecrated, fully armed and filled remnant. Wholly following the Lord is about saying, "Not my will but Yours be done". Those who wholly followed the Lord, God brought them into the land and they got the fullness of their inheritance and possessed it.

But listen to this, the judgement that God spoke in Numbers 14:28, *"Tell them, as I live, says the Lord, what you have said in my hearing, I will do to you."* Do you remember they said, *'if only we had died in Egypt or here in the wilderness'*. God says in verse 29, *'Your dead bodies will fall in this wilderness, all who are numbered of you from twenty years old and upwards, who have murmured against Me, none shall come into the land which*

*I swore to make you dwell, eExcept Caleb, the son of Jephunneh, and Joshua, son of Nun.'*

So the Exodus generation were condemned to die in the desert on the 9<sup>th</sup> of Av - that terrible day on which, years later, the two temples were destroyed as well, on the 9<sup>th</sup> of Av. The 9<sup>th</sup> of Av is a day of the decreeing of judgement, it is the day of the carrying out of judgement, it is a day of separation between those who wholly follow God, who will receive the fullness of their inheritance, and those who murmur against Him, walk in unbelief, who are appointed to die in the wilderness.

The entry into the land of Israel was delayed for 40 years, one year for each day the spies were touring the Promised Land. An entire generation of parents were appointed to **death** in the wilderness on the 9<sup>th</sup> of Av, and their children, and Caleb and Joshua, were appointed a **delay**.

**Did you know that your decision to fear man instead of God delays others wholly following the Lord from experiencing their inheritance?**

We don't live in a vacuum. Your lack of walking in the fear of the Lord, and your lack of wholly following the Lord, affects the futures of the people around you also, because they have to hang about until the generation that came out of Egypt had died.

So the 9<sup>th</sup> of Av is a pivotal day of separation unto judgement. The 8<sup>th</sup> of Av is the day of the hearing of a report and the people's hearts having a chance to have faith in God, in His power, in His goodness, in His supremacy, or looking at the giants and deciding that they wished they had died in Egypt, in which case they are appointed to die in the wilderness.

The Romans set the temple in Israel aflame on the afternoon of the 9<sup>th</sup> of Av, and it continued to burn through the night and through the next day of the 10<sup>th</sup> of Av.

Now it seems that Iran, and some other nations who are supportive of Iran, are planning to attack Israel from all different directions with missiles on the 9<sup>th</sup> of Av.

You MUST pray, Beloved, and understand that what is unfolding in the natural is a sign of the coming persecution, abandonment and surrounding with aggressors of Believers.

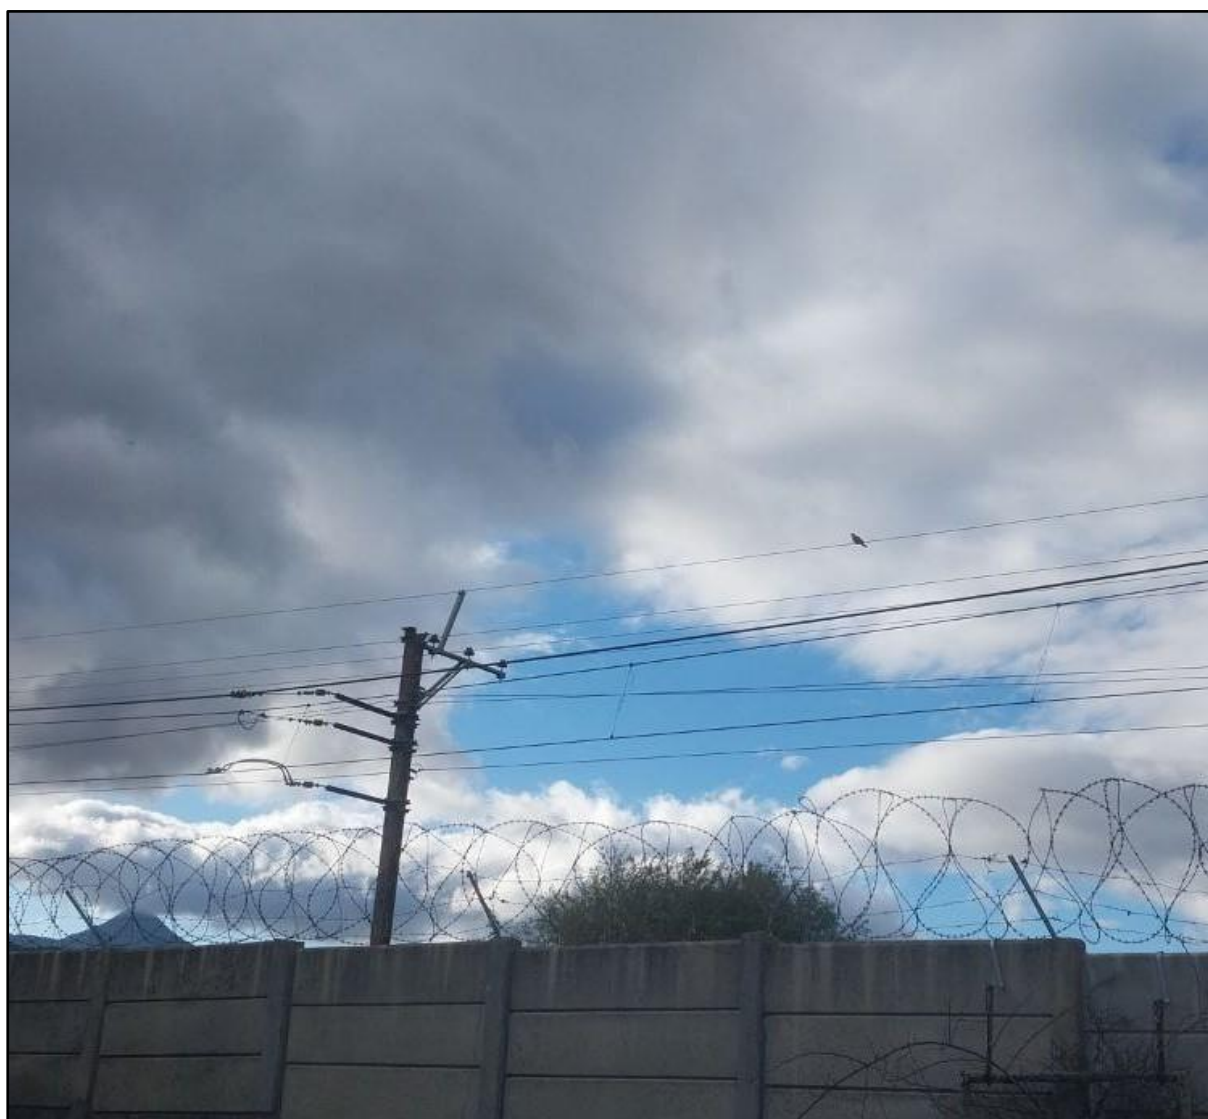

So there is a lot happening in the next three days. There is a lot happening. Pray for your brothers and sisters in other nations, pray for the Remnant, pray for God's perfect will to be done, pray for yourselves, that you know with clarity what God wants you to do, break bread daily, and when you have the opportunity to speak to people concerning serving the Lord, do it with boldness while you still have the opportunity. Let us work while day is here, because night is coming when no man can work.

I just also want to warn you that there is coming increasing policing and control on the social media sites. We have people in England being arrested for opinions they have expressed on social media sites, not even partaking in rioting, but just passing on information about rioting that has gone on. Be very, very careful about what you post in public places on the internet, on various social media platforms.

Set a guard before your mouth, think before you speak, and say what the Lord wants you to say, not your own opinions. And pray much in these days. We are headed into the teeth of the storm!

There was a very interesting thing that happened a couple of days back (on 8/8). I came out of my back door in the morning. I knew there was a storm coming that day, and I went out in the morning, just after sunrise, and there was the shape of a perfect spearhead of blue sky, and in the front of the spearhead, where the tip was, there were white clouds and, at the back of the spearhead, where it would join onto the spear shaft, there were black clouds.

I looked at that and I understood that the movement of the tip of the spear is preceding the rolling in of the great storm. The tip of the spear has a window of opportunity where there is blue sky, and as they are moved and led by the Spirit of God forward, each into their appointed places for these end times, their movement ushers in the great storm cloud that God has decreed in His Word is coming.

Not coincidentally, the Perseids meteor shower also peaks tonight (Sunday) into Monday and the early hours of Aug 13th. There will be up to 100 meteors per hr, best visible after midnight until dawn, in the NE sky. For those in highly lighted areas where it is difficult to see, here is a free livestream of the Perseids meteor shower, beginning in 10 hours time

<https://www.youtube.com/watch?v=j88SM4IYbS0>

The shower emanates from the Perseus (the Greek form of 'paratz', the Breaker) constellation. It is the same word used in Micah 2:13 the Breaker is gone up before them, The Lord at their head...

So be encouraged, tip of the spear, that the Lord is going before, leading and guiding each one of you, unfolding His plans and His purposes, don't resist Him, don't be of those who walk in unbelief, don't draw back in fear, but understand the greatest days for bringing glory to the name of the Lord are ahead of us.

May the Lord bless you and keep you in these days of the coming week.

Amen
