

Two Warning Dreams Transcript

Sunday 25 August 2024

AUDIO VERSION

Hello precious remnant,

I don't know what your week was like last week, I had a very pressurized difficult week, one of those 'pressed beyond measure' weeks. It just seems to be the time that we are in, as the remnant.

I want to share with you in this message two warning dreams that I have received a week apart, but before I do that I just want to say, for those who

don't know, that the founder of Telegram has been arrested in France. They are charging him with all sorts of things, basically because Telegram is encrypted and allows free speech, and is not monitored or censored in any way, and the powers that be have decided that they are going to arrest this man, no doubt in order to institute some form of surveillance on Telegram as well. We know this is a sign of the times that we are headed into. Therefore, there is a possibility that my Telegram channel will vanish at some point because I am sometimes asked by the Lord to talk about this that are not considered mainstream media topics.

If you are listening to this, please will you [subscribe as a follower of my podcast](#) (click 'follow'), because if my Telegram channel gets removed, I do not have any other way of letting you know that there is a new podcast. At least if you are a follower, you will be notified by the podcast site. We will just wait and see what unfolds. Please pray for the man that has been arrested unjustly. You all know how Julian Assange was treated, and I really do pray that this poor man will not undergo the same kind of thing.

So let me share with you my first dream. I had it on 16th August 2024. I had been asked to speak at a ladies' event on the weekend about getting ready for the coming of the Lord, and I was preparing for that, as I felt the Lord was leading me. It was basically very early on the Friday morning 16th Aug 2024, I had a dream, and I woke up very shocked and disturbed.

I dreamt that I was in a car with my daughter; she was driving, I was the passenger. She was getting married, so I was the mother of the bride, and we were on our way to the wedding. We stopped at a shop to get something and I popped into the shop. When I got inside it was as if whoever had packed the shelves of that shop knew exactly what my likes, dislikes and interests were, because everything in the shop was calling to me to come and investigate further. It was as if they had looked up my algorithm. You know on YouTube they monitor what kind of videos you watch and they suggest further videos in the same vein; it is your algorithm.

So, I got distracted by the bread table. There were some beautiful loaves of bread, and I was wondering if the one was rye or wheat, and then there

was another loaf that was very interesting. It was a very large square loaf, on a board. It had been cut open and inside the loaf there were rows of something - I didn't know what it was, which had been inserted into the loaf and baked in the bread, and there were knives there and you could cut a slice. It was interesting, it seemed you could buy one slice if you wanted. So, I got totally distracted by the bread table because I love baking bread.

Eventually I got to the till and I had a loaf of bread and a bowl of cereal with milk. When I got to the till, the teller said to me, "Oh no, you have to weigh the dry cereal", so she went off to weigh the cereal. I then looked at my watch and saw that it was 3.15pm in the afternoon, and I nearly fainted because I knew the wedding was at 3pm, and now I am still standing at the till in the shop, and it is 3.15pm. So I dropped everything and ran out to the parking lot and my daughter had left to go to the wedding. She was the bride and she had left, and she had left me behind, and I was so, so angry with myself because I knew that I had allowed myself to get distracted. I had lost my focus and I had been enticed by all the things that interested me and I had wasted time, and I had missed my appointment. I was heartbroken and I knew there was nobody else to blame except myself, because I had allowed myself to get distracted.

So that was the first dream, and I knew the Lord was speaking to me personally because as the mother of the bride you help the bride to get dressed, and the Lord had said to me that I was in the motherly role to the Bride and I was helping her to get ready for the wedding. So I wanted to share that warning with you – DO NOT GET DISTRACTED.

The second dream I had was on the 23rd Aug 2024. Now before I share this dream, I want to say that it is very important to have read the transcript of 'Glorious Things Unfolding Part 1', where I share how the Lord revealed to me that the purple mountain comet, or the C/2023 A3 comet, depicts the Manchild Company. The Manchild is also depicted as the pupil or the apple of God's eye, and in 'Glorious Things Unfolding Part I', I share all that revelation. You need that as a foundation or background for understanding and listening to this dream.

Now some of you are new to my channel and you are not really sure what is the manchild as opposed to the Bride, so if you only started listening recently, in Revelation 12, John speaks of seeing the woman in the heavens that brings forth a manchild, who was caught up to the throne, and she then flees from the flood that is coming out of the dragon's mouth. The manchild is a company of people prepared and brought to fullness of readiness within the woman, just like a baby is brought to full term in the womb of a woman. The manchild is brought to full term in the midst of the Bridal company, and is then birthed or brought forth into distinction and visibility - coming out of hiddenness in the larger group, then brought into the light, amidst birth pains, and caught up to the level of governing authority at the throne of God. Why does this happen? Because different parts of the Body have different end time functions and roles in fulfilling God's kingdom plans. There are some whom the Lord is going to endue with governing authority and a kingly anointing for their part in the end time purposes, and He has been preparing them accordingly, through much trials and many testings.

In 'Glorious Things Unfolding Part 1', I shared about this comet. It is called Tsuchinshan Atlas. 'Tsuchinshan' means 'purple mountain', so I always call it the Purple Mountain Comet; it's a heck of a lot easier to say. In that Part 1, I shared how the comet would be positioned in the Sextans constellation in September, and in its position, it mimicked being in the position of the pupil of the eye, when the eye is viewed from the side. The pupil of the eye is about focus and remember, the first dream that I shared from 16th Aug was about not getting distracted. Here is quote from 'Glorious Things Unfolding Part 1':

'Matthew 6 tells us that when the eye sees clearly, the entire body will be full of light. That word 'full of light' in Greek is 'photeinos'. It comes from the root word meaning 'full of light or fire'. Manchild Company, in your watchman seer function, you must focus. With your calling as the pupil of the eye, do not be distracted at this time. '

So, there we see that my warning dream of 16th Aug again underlined the DO NOT BE DISTRACTED.

The Sextans constellation also looks like a bow with an arrow in position to be shot forward, and in September, the Purple Mountain Comet is positioned at what would be the tip of the arrow. Do you hear that, Tip of the Spear? Do you hear that, manchild company? The Purple Mountain Comet does depict the manchild company, the tip of the arrow or the tip of the spear.

Now let me share my dream with you from 23rd Aug 2024. I do not have a lot of disturbing dreams, so to have two dreams that I woke up shocked from, a week apart, is very unusual for me, and I know the Lord is speaking.

I dreamt that I was asleep in my bedroom and at 01:27am the Lord woke me up and I was wide awake in the dream. I knew as I woke up that the Lord had woken me up to look at a comet in the sky. So, I got up and went to my kitchen and I was about to go outside, when I heard a commotion out there, so I looked through the window, and the whole of my backyard was on fire, but not sheets of fire, little separate fires all over the place. As I looked beyond my very high back wall, I saw there were also little fires dotted everywhere in the field behind the wall. It made me think of a rain of asteroids hitting the earth and setting little fires everywhere.

The minute I saw those fires, I got a big fright because it was right at my back door, so I rushed to my spare room and opened the door; my mother and father were sleeping in there. I woke them up, and said "Wake up! Wake up! There's a fire outside. Put on good strong shoes and pack an overnight bag, we have got to get out of here because of the fire." I then went to the third bedroom which I use as a study, and I tried to open the door, but there was resistance from behind the door; something was blocking the door from opening, so I persevered and pushed a bit and I saw it was the head of a friend of mine behind the door, which was stopping the door from opening. She was lying on the floor with her head against the door. As I managed to get the door open, and I said to her, "We have to get out of here, there's fire in the garden". She said, "I was praying someone would come."

Then I went to my own bedroom, having warned everybody in the house, I opened my cupboard to try and grab some clothes to put in a bag to leave with. There were a whole lot of jackets in there - leather jackets, denim jackets, jackets from years back that I knew didn't even fit me, and as I looked at all these garments I thought, "I don't want to take any of them, I don't know which one to take". I was in quite a state because I knew the fire was burning outside.

My daughter came in - the same daughter from the first dream, and I said to her, "What clothes must I take? I don't know which one of these to choose." She then pulled open a drawer, and there were compartments in the drawer, and there were millions of multicoloured glass beads in these drawers. I said, "Should we take these?" and she said, "Yes, two big bags." So, I rushed off to the kitchen to get some zip-lock bags to put the beads in. In the kitchen on the counters there were yellow manila folders, with my dad's handwriting on, stuffed full of papers. I opened the drawer where I knew my plastic bags were, and these drawers were also stuffed full of these manila folders with my dad's writing on. I thought, "Why have people put these away in the drawers, we are supposed to be taking things out of drawers to flee the house".

I looked out the front window and cars were arriving to try and help us to carry stuff out of the house. Some of the people coming I recognized. I opened my back door and there were a whole lot of animals who wanted to come in the door because of the fire. There were cats and tortoises, but there were also bigger wild animals, so I had to shut the door because I couldn't let wild animals into the house where there were people. So, the whole time in the dream I was in this panic.

The next scene in the dream I was outside in the back yard with the tenant that lives on the side of the house, an old man, and I said to him, "Andrew we have to get out of here, they are not succeeding in fighting this fire." As I spoke to him, it started to drizzle, and then the rain came down hard. I fell down on my knees and I wept and said, "God has sent the rain to put out the fires".

I then woke up and it was 05:40am. My heart was pounding and I was in a state. The one thing I forgot to tell you was that in the dream, when I woke and knew God wanted me to look at a comet, in my mind's eye I knew what I was looking for, I saw the heavens in my mind's eye, and I saw a very broad band of light with the comet head at the bottom, it was kind of at an angle, and below that was a thin line of light, almost like the ones that I put in my Stellarium pictures (when I'm trying to show my subscribers where there are planets in alignment, I put a light coloured line). So, there was this broad band of light with the comet at the bottom of it, and then a thin line of light below it.

I have been praying, "Lord what does this mean, what on earth is this all about?" So, I began to look at the details of the dream, and I want to share with you the discovery that the Holy Spirit showed me as I prayed into the meaning of the dream. I knew in my heart that the comet I was going to view was that Purple Mountain Comet, so the first thing I did was pull up that 'Glorious Things Unfolding Part 1' to refresh my memory about what the Lord had said there. Now, according to my dream, the Lord woke me to look at the comet outside my own house, so I decided to look on the Stellarium app at the Purple Mountain Comet, using the South Africa sky. Normally I look at the constellations from the ground base of Jerusalem but I thought in the dream, as I was looking from South Africa, let me look what it looks like, because South Africa is in the southern hemisphere.

The Holy Spirit prompted me to take the time I had woken in my dream, 01:27am, to take that as the 27th day of the original first month of the creation calendar. I call it the creation calendar; it's the calendar that was used before God instituted Aviv as the first month when they came out of Egypt. Before that, they used a calendar where the first month was when God made Adam & Eve, on Rosh Hashanah, the first day of the year, when the number of the year changes. So that month is Tishrei; Tishrei was Month 1, it is now Month 7, with Aviv as Month 1.

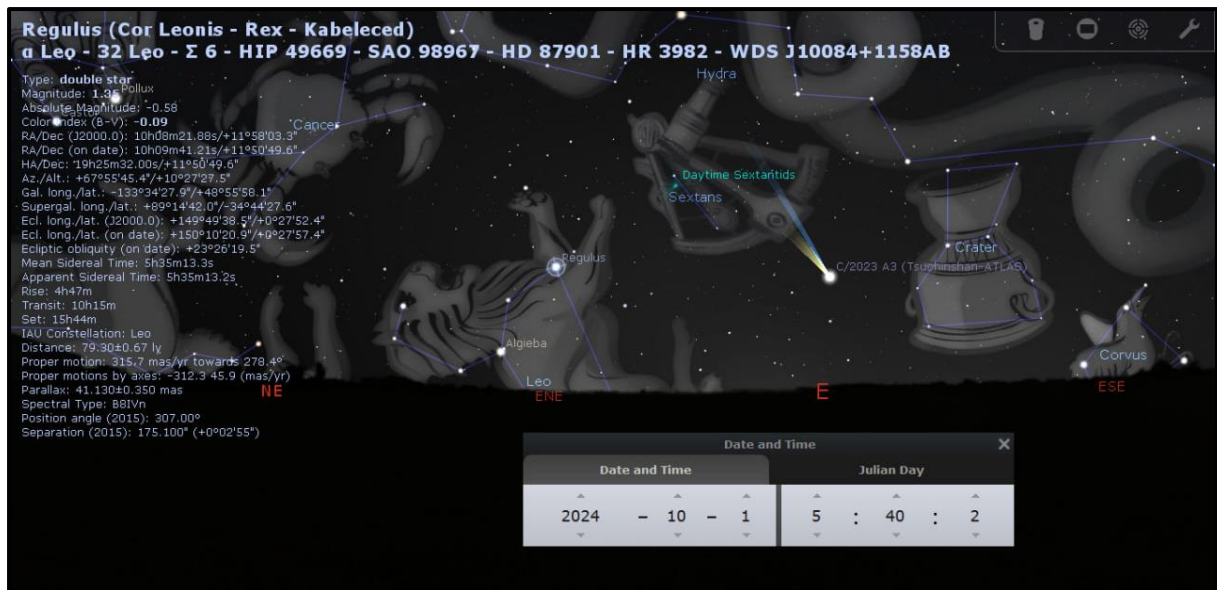

When the Lord woke me at 01:27am the Holy Spirit showed me that that indicated I must look where the Purple Mountain Comet is on the 27th day of Tishrei, the original first month, and using the Early Barley Calendar. So, Tishrei occurs in September. When the year 5785 clocks over in the Early Barley Calendar, it is September. So, I had a look on Stellarium at

the 27th day of Tishrei, and I asked the Lord what time must I set the Stellarium at, and He indicated it at 05:40am, the time that I woke up from the dream.

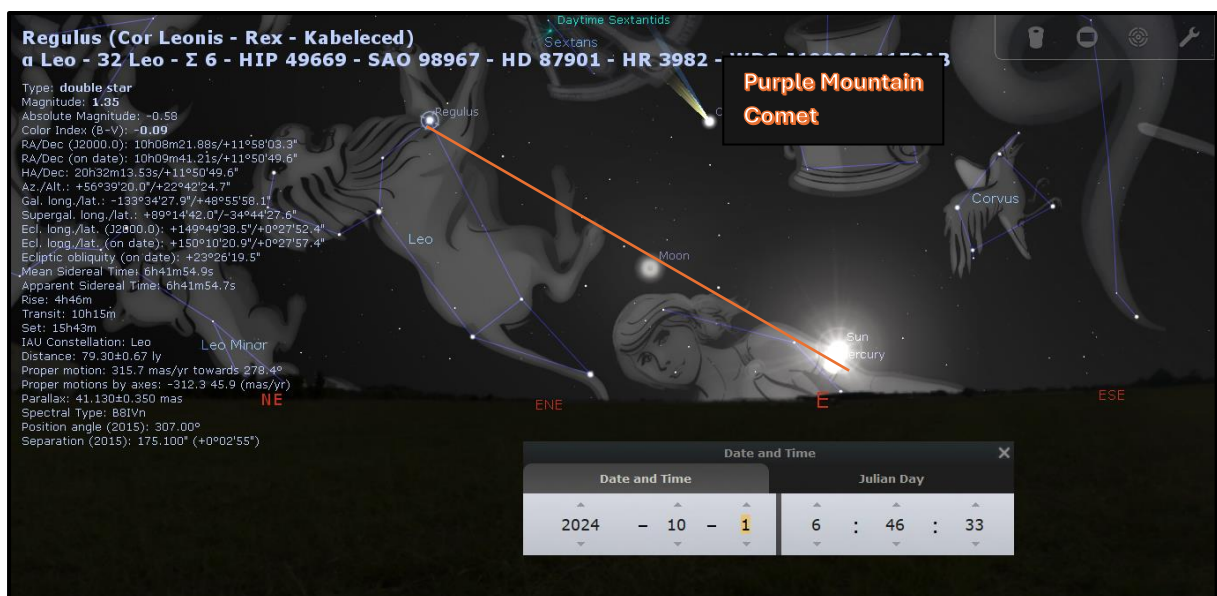

Do you know that the Purple Mountain Comet launches forth from the Sextans constellation some time on the 27th of September, at the time it is the closest to the sun, and it is expected to brighten above the naked eye threshold? It launches towards the constellation Bethulah (Virgo) as midnight clocks over onto the 28th of September, but it is below the horizon in the southern hemisphere.

Now, the Lord said I must look at the 27th day of the month of Tishrei in the Early Barley Calendar, and that happens to be the 1st of October. So, do you know how amazing God is, because it is a perfect time to view the comet shooting in the east before dawn. That comet is completely in line with Regulus, the king star in the right forearm of Leo at 05:40am before the sun rises. So the Manchid comet, the purple mountain comet, is in line with the king star at 05:40am on 27th Tishri 5785 in the early barley calendar. It is quite amazing that God led me to that time.

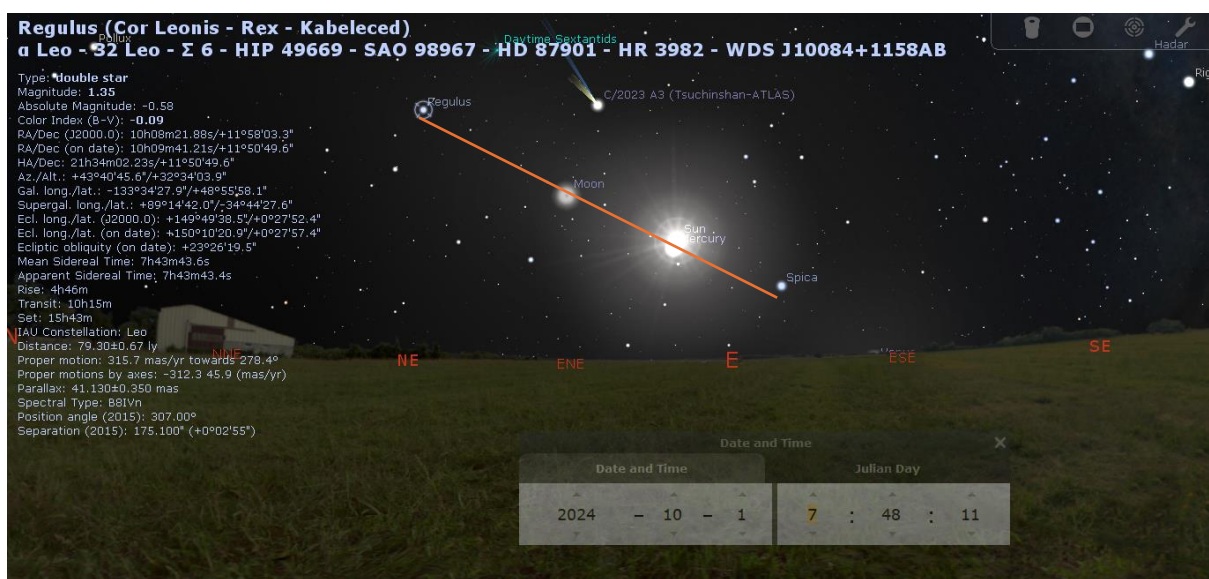

On that day, the 1st of October, there is a conjunction, or the planets are in alignment, there is conjunction from Regulus in the right forearm of Leo; it's in line with the moon, the sun, Mercury and the star Spica in Bethulah the virgin's left hand in the east in the morning, and the comet is above them. So, there is that thin line of conjunction and above it is the broad line of the comet tail, with the comet at the bottom end of the tail, it is shooting towards the earth.

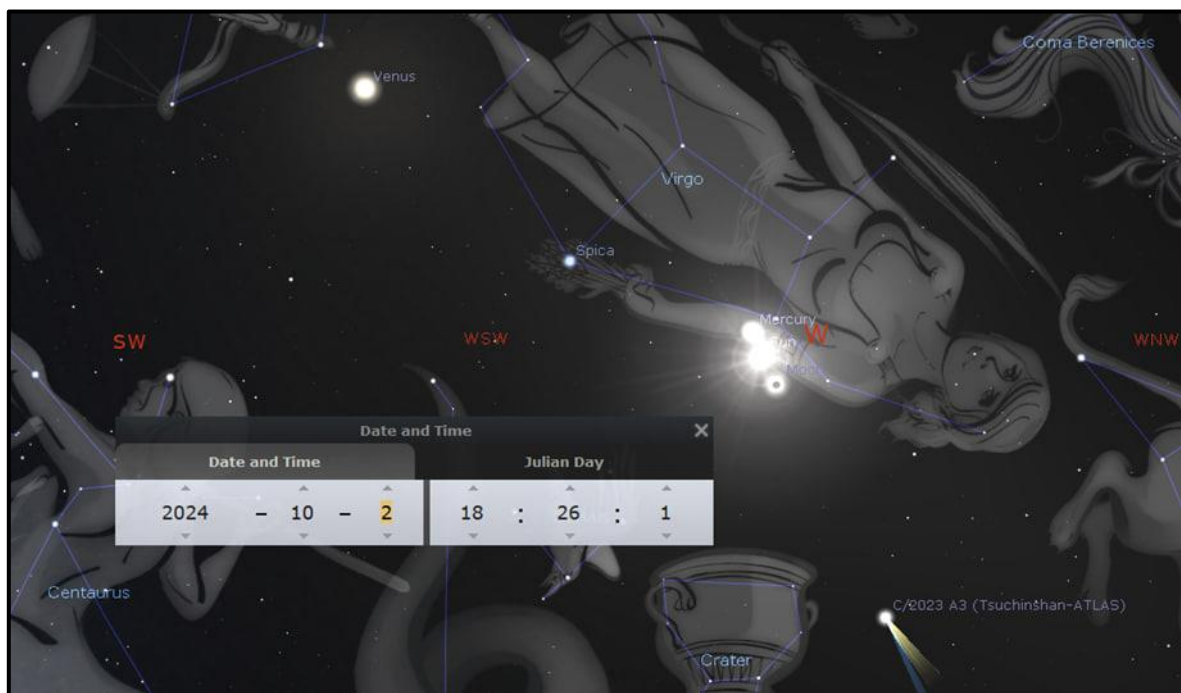

You know, that is basically exactly what I saw in the night sky in my mind's eye in the dream I had. A broad shaft of light with the comet head at the bottom, and below it, close to the earth, a thin light-coloured line depicting a conjunction in Stellarium.

So, what is this alignment saying to us? Let's look at what all those stars and planets in the alignment are speaking about.

- Regulus is the King star in Leo's right forearm. Leo represents the Lion of Judah, and the strong right arm of the Lion of Judah is speaking about the Sons of the Right Hand. Regulus, the King's star, is speaking about the crowned and anointed Sons of the Right Hand operating in governmental power.
- The moon is in alignment with Regulus. In Song of Songs 6:10 it says, *"Who is this that looks forth like the dawn, fair is the moon, clear and pure as the sun and terrible as a bannered host."* It is speaking about the Bride of Christ, the army of the Lord that is beautiful as the moon and as purified and made herself ready, she is as pure and clear as the sun, and she is a bannered host and armed going to war. So we have Regulus, the moon,
- and the sun
- Mercury is right by the sun, and Mercury is the messenger planet, once again highlighting that God is sending out a company of messengers.
- The next star in the alignment is Spica, and the Hebrew name of that star is Tsemach, which means the branch, the branch company, He will bring forth His servant the branch, they are a company of messengers crowned and anointed, an army with banners, coming forth from the wilderness of preparation, and that's all in the sky, below the comet, on 1st October 2024. There is an aligning of the Kingly anointing released and on the move, a pure holy army with banners coming forth as messengers, His servant, the Branch. (Spica only emerges above the horizon at 7h45am)

In my dream, as I arose to witness the comet, there were fires in the back garden, and they were burning outside my house and further afield. We know from astronomers that the Purple Mountain Comet is at its brightest on 2nd October, which is the day after the one the Lord highlighted to me in my dream. There is a conjunction of the sun, the moon and Mercury, the messenger planet at the elbow of Bethulah on that day. The elbow of the same arm has Spica, 'the branch' star, in the hand of that constellation. That evening, 2nd October, Rosh Hashanah of the Hillel calendar begins. So, in the evening of 2nd October the Hillel calendar clocks over into 5785.

Let's look at that conjunction of the sun, the moon and Mercury. The glory of the sun is clothing the messengers on that day, depicted in the planet Mercury. The messenger company is being equipped with glory. Do you know that another name for Rosh Hashanah in the Jewish way of worshiping God, is called 'Yom Hadin'? It means 'day of judgement'! So, we see depicted in the heavens on that day, simultaneous judgement of the wicked depicted AND release of the messenger company, the Branch company who marches forth, released like calves from the stall, just as Malachi 4 describes.

That Purple Mountain Comet is closest to earth on October 12th at sunset. That day, October 12th, is Yom Kippur on the Hillel calendar, the holiest day of the year. I really believe that the Purple Mountain Comet is announcing the Day of Judgement and the period of the Lord dealing with the wicked.

The other interesting thing is that by 10am on the 27th of Tishrei in the early barley calendar, the star Antares has risen in the east, in conjunction with Regulus, the moon, the sun, Mercury and Venus. Antares is a star that is in the head of Scorpio. Its name means ‘the wounding’. Scorpio is connected to Rev 9 and the release from the pit of those who sting the unsealed like a scorpion for 5 months.

So, if you are interested in spotting where this comet is, you can use the Sky Tonight App, you can download it on your mobile phone. You open the app and tap the magnifier icon at the bottom of the screen, and you type C/2023 A3, and you tap the target icon next to the corresponding search result. The app will show you the comet's current position in the sky for your location. So even if you can't see it with your natural eye, or you don't know where to look, if you point your device at the sky, and follow the white arrow, you will find where the Purple Mountain Comet is in the sky.

According to the astronomers, in September, the comet moves from a 7 to a 3 magnitude, in other words it is getting brighter. It moves away from the sun towards the earth and begins to appear in the morning sky in the southern hemisphere. In places like Australia and New Zealand, you will be able to see it in September. From September 27th to October 2nd it appears in the early morning in the northern hemisphere. In October,

which is the best month for observation in the northern hemisphere, it can be located relatively high above the horizon in evening sky.

So, I really believe that the comet is a sign of Judgement Day beginning. When you look at the Stellarium picture at 05:40am on 1st October, you

see that the comet is in the east right above due east, close to the horizon, and next to it is the crater constellation, it is like a cup or a bowl and it is upside down, depicting something being poured out. The fact that the comet is at its brightest on 2nd October, which is the eve of Rosh Hashanah 5785 in the Hillel calendar, shows us that it is announcing or heralding something very important. That crater constellation turned upside down depicts the pouring out of judgement. The cup of the Lord's indignation and judgement outpoured that the comet is highlighting.

Revelation 16:19 speaks about the great city breaking into three parts with a great earthquake *'and the cities of the nations falling, and Babylon the great was remembered before God, to give to her the cup of the wine of the anger of His wrath'*.

Psalms 75:8 says, *"For in the hand of the Lord there is a cup and the wine foams and is red, for in the hand of the Lord there is a cup [of His wrath], and the wine foams and is red, well mixed; and He pours out from it, and all the wicked of the earth must drain it and drink its dregs."*

Do remember, saints, that the Lamb on the throne opens the seals in order to deal with the wicked, not with the righteous. The judgements are not for those who serve as His faithful bond servants, which is why He has them sealed, as Revelation 7 describes, before the events of Revelation 8 are unleashed. That is why straight after it says in Psalm 75, about pouring out the cup that the wicked must drain, verse 9 says, *"I will sing praises to the God of Jacob. All the horns of the ungodly also will I cut off*

[says the Lord], but the horns of the [uncompromisingly] righteous shall be exalted." So, it is speaking of a time of lifting up the righteous and of pulling down and cutting off the wicked.

Now of course, Judgement Day is a period of time, not a 24 hour day, so this comet heralding or highlighting with its great brightness on 2nd October could be signifying the beginning of a period of judgements unfolding; it could begin with the nuclear war breaking out, and other countries' further nuclear responses.

I find it very interesting that the purple mountain comet enters the orbit of Virgo or Bethulah early in October, and then moves into the womb of Virgo or Bethulah, and exits the womb of Betula on October 12th, which is Yom Kippur in the Hillel calendar. So, there is a total birthing depicted in the path of the manchild comet. Could this be what is spoken about in Revelation 12, where the manchild comes forth from the woman as the dragon is poised to devour it?

It is also significant that the Purple Mountain Comet is visible in the skies in the southern hemisphere in September, because God comes with whirlwinds of judgement from the south. That word in Hebrew also the 'right hand', is also speaking about the sons of the Right Hand being a participant in executing His righteous judgements.

Isa 21:1 THE MOURNFUL, inspired prediction (a burden to be lifted up) concerning the Desert of the Sea [which was Babylon after great dams were raised to control the waters of the Euphrates River which overflowed it like a sea--and would do so again]: As whirlwinds in the South sweep through, so it [the judgment of God by hostile armies] comes from the desert, from a terrible land.

On Saturday 24th, which was the day after I had the dream about the comet, I was woken very early at 04:09am and was given more understanding of my dream. The Spirit said to me that the fires outside my back door indicated the arrival of 'the day that burns like an oven', and the Lord's judgements which begin at His house. So, my house represented the Lord's house in the dream. In my dream there were 3

righteous generations represented, which were woken and warned to escape the judgements; my parents, myself and my daughter. In Malachi 3, it says the wicked will have no root or branch in the day that burns like an oven. My parents are like my root, and my daughter is my branch or my offspring.

The Holy Spirit also showed me that waking in my dream at 01:27am is also code for the message that in one hour, Psalm 27 will play out for His faithful saints. What does Psalm 27 say?

'The Lord is my Light and my Salvation—whom shall I fear or dread? The Lord is the Refuge and Stronghold of my life—of whom shall I be afraid?'

The word 'salvation' in Hebrew also means 'deliverer', so Psalm 27:1 could be translated *'the Lord is my Light and my Deliverer'*. He delivered us in my dream from the fire of judgement by sending the rain to put the fire out, and the fire was only outside, it did not enter into the house.

The Holy Spirit also showed me that my awakening or being awakened by the Lord, and running through different rooms of the house, depicts the awakening and arising of a Company who are released with a message for God's people who are asleep as the day of His judgements arrives, and there is very little time to wake up people in the church and tell them to flee His wrath, because judgement begins at His house.

Concerning my friend, Deborah, in my study, (that is the place that I am sitting in right now, it's the place where I have my quiet times, it is the place where I release my podcasts), and He showed me how her lying on the floor in my study represented His faithful intercessors who lift up their voices day and night; those who are watchmen & those who are crying out for the Body of Christ, and those who need to come back to Him.

As I woke each person, I told them to put on good strong shoes, and pack an overnight bag. The shoes refer to being equipped with the shoes of the gospel of peace, (or of shalom), and the only way you get those shoes

is through the cross of Christ, because He made peace or shalom with God for us by the cross. The overnight bag I told them to pack is a reference to 3 watches or a dark night, or years of dense darkness ahead. There were people who arrived to help but never actually entered the house in my dream, and they depict 'vain is the help of man'.

Back to Psalm 27, which the Lord referred to in the 01:27am. Psalm 27 says, *"When the wicked, even my enemies and my foes, came upon me to eat up my flesh, they stumbled and fell. Though a host encamp against me, my heart shall not fear."* That phrase about evil men coming to destroy us refers to the breakout of persecution, and we must not be afraid, saints.

My daughter, who in the natural is pregnant with a boy, represents the woman carrying the manchild. So, she is the Bride; in both my dreams she represented the Bride. Notice that I did not have to wake her up, she was already awake in my dream.

I also sensed by the Spirit that in 1:27am; the 1 referred to 1 hour, and also to 1 month, so in a month's time, basically by the end of September, the day that burns like an oven will begin to unfold, the day of the Lord's judgement.

There is a verse that mentions one month specifically which the Holy Spirit reminded me of. It is Hosea 5:7, it says,

"They have dealt faithlessly and treacherously with the Lord [their espoused Husband], for they have borne alien children. Now shall a [single] New Moon (one month) devour them with their fields."

Because they have been in spiritual adultery, God speaks about just one month passing by, before judgement begins to fall on them. Hoseah 5:8 goes on to say,

“Blow the horn in Gibeah and the trumpet in Ramah [both lofty hills on Benjamin’s northern border]. Sound the alarm at Beth-aven: [the enemy is] behind you and after you, O Benjamin [be on your guard]! Ephraim shall become a desolation in the day of rebuke and punishment. Among the tribes of Israel I declare what shall surely be. The princes of Judah are like those who remove the landmark [the barrier between right and wrong]; I will pour out My wrath upon them like water.”

So here we see in Hosea 5 a description of judgement beginning at God’s house. So those who are in spiritual adultery, those who have become slack, who have backslidden, who are into idolatry, who are removing the landmark or the barrier between right and wrong, will experience the Lord’s righteous judgements at His house.

So only the righteous remnant will flee the judgements. Remember, in my dream, I woke them up, I woke them up and reminded them about wearing good shoes because the fire of His judgements is here. Remember, the Holy Spirit said that those fires outside my window represent the arrival of the day that burns like an oven, when the wicked will be left without root or branch. That’s what it says in Malachi 4:1, but remember that Malachi 3 has a description of the Lord arriving and coming suddenly to His house, as a Refiner’s Fire and a Fuller’s Soap. There is very little time to flee the fires of the Lord’s judgements for His house. We have had a long time of warning, and those who have ignored the prophets’ warnings are going to be given a millisecond of mercy and grace to come right and repent, and flee the Lord’s wrath.

Now I had those two dreams, as I mentioned, exactly one week apart; Friday the 16th and Friday the 23rd, in the morning watch of both those days, and I asked the Lord if there was a significance to this fact, that they were exactly a week apart. He told me that the 7 days between the dreams represented 7 weeks. So, if you count 7 weeks, or 49 days, from 16 August (including the 16th as the dream was early in the morning), you come to 3rd October, which is Rosh Hashanah 5785 in the Hillel calendar, Yom Hadin, the Day of Judgement. So, the two warning dreams, 7 days apart, with the coded message of 7 weeks from the first dream about not getting distracted because you are on your way to the wedding, brings us

to the beginning of 5785, the first watch of the day of the Lord Rosh Hashanah, the day of judgement, in the Hillel Calendar.

The 2nd of October is the exact day when the Purple Mountain Comet is brightest, when viewed from the earth. That evening the Hillel calendar clocks into 5785, with Rosh Hashanah. So that was another confirmation God had given me concerning the dream about the comet being connected to the day of judgement.

This paragraph is not in the audio, but a subscriber alerted me to another sign in the sky on that day – there is an annular solar eclipse on 2nd October! This is an eclipse where the moon is surrounded by a ring of light from the larger sun. It will only be seen far south in Argentina and the southern islands and mostly occurs over the sea.

I was sharing these things with two friends of mine; we have an intercession group on Telegram, and my friend told me that the very day I had that dream, she saw a number plate which said 227-749 and the Lord had said to her earlier in the week, “27th Judgment Day”. When she told me that number, when I looked at 749 all I could see was three 7’s. 7 and 7 x 7. When the Lord explained to me that the 7 days between my dreams represented 7 weeks, I suddenly realized that the number my friend had seen had that coded into it as well because it had 749, 7 and 7 x 7, so that was the third witness, and then again that same friend told me that the Lord had said to her a few days previously, “The 27th is judgement day”. He then directed me to the 27th of Tishrei in the Early Barley Calendar, which is the 2nd October, and here separately, in a completely different country He was speaking to her about the day of judgement, and He highlighted 7 and 7 x 7; 7 and 49. If you count 49 days from and including 16th August when I had my first dream of not getting distracted on the way to the wedding, 49 days takes us exactly to Rosh Hashanah 5785 in the Hillel calendar, Yom Hadin, the Day of Judgement.

One could say that the comet is a herald of the day that burns like an oven, when the Lord comes to deal with the wicked. Now of course, those of us who are part of the tip of the spear are ahead of the Hillel calendar, a whole month basically, so when the Hillel calendar followers are

celebrating Rosh Hashanah 5785, the tip of the spear are moving with the Early Barley Calendar into Cheshvan, the next month, which is the second month of the creation calendar. This is the calendar used when Noah was building the ark. The Bible tells us that on the 10th day of the 2nd month, which was Cheshvan, God told Noah to get into the ark which he had built under God's instruction, because in 7 days judgement would commence.

So, these are the corresponding dates in the Gregorian calendar for those dates that Noah was told to get into the ark.

- He was given the warning on 10th day of Cheshvan, that is the 14th of October 2024, God said get into the ark with all the animals.
- The 17th of Cheshvan, the anniversary of when the flood of judgement was unleashed, is the 21st of October 2024 in the Early Barley Calendar.

Now because the Lord has the tip of the spear, the forerunners, moving ahead of the rest of the Body, and the Spirit tells us the things that are to come, just as He did in Noah's case, tThis remnant company should be totally prepared and ready to be shut in and protected by the Lord as the judgements unfold. Of course, this time it is judgement with fire, not water. So, the Spirit is warning that His prepared and positioned manchild Company are about to be released as an arrow from His bow, which is beautifully depicted in the heavens by the purple mountain comet shooting forth from the Sextans constellation on 27th or 28th of September, just before the comet is at its brightest on 2nd October, at the start of the Hillel calendar 5785.

When the year 5785 clocks in, the morning watch year 5784 is officially over. The preparation is over, tip of the spear, and the first watch of the day begins. Now we know for sure that it is the day that burns like an oven that is going to begin, the day when His judgements begin to be executed on the wicked.

So, precious bonds slave remnant, your time of preparation is rapidly drawing to a close. We are a month ahead of the Hillel calendar. On the Early Barley Calendar which we are following, the Pentecost of Oil is

coming up this very week, which falls on 22nd of Elul, and in the Early Barley Calendar that is the 27th of August, this Tuesday. This is when the first fruits offering of fresh beaten olive oil was presented to the Lord at the temple, after which the olive harvest could be brought in and begin to be processed for the year ahead.

So please, saints, pray into the things I have shared, make sure you are signed up as a follower of my podcast in case the Telegram channel goes down, remember to backup and download anything on the Telegram channel that you want to keep for future reference, because we have no idea what is going to happen now that the founder has been arrested. Also [go to my website](#) and take advantage of the free book downloads and the podcast downloads, plus the Storehouse page where there are many zip file downloads of previous months messages. Stock up your pantry before your ability to source good spiritual food for your journey is cut off.

I am not date-setting in this message, I am just sharing my two warning dreams, that God is saying very clearly that the day that burns like an oven is about to begin, and that was confirmed by three witnesses; through the timing, through the numbers, through my friend's sharing of what the Lord had showed her, 2th judgement day, and in 7 weeks, the day that burns like an oven will launch officially. The solar eclipse on the 2nd October also underlines great troubles coming to the nations.

So may the Lord bless you, may He confirm to you and underline what He has been sharing with you in your own private quiet times with Him. Stay focused, manchild company, STAY FOCUSED. Let the eye be full of light, focus on the target, you are getting ready for the wedding, you are getting ready to be released as an arrow from His bow, He bends Judah as His bow, fits it with Ephraim, and makes us as the sword of a mighty man.

Many, many blessings to you.
