

You Have What You Have - It Has Begun

24th July 2024

[AUDIO VERSION](#)

I'm going to share with you a vision that I had, which I feel is both warning from the Lord and also to release understanding. So, on Tuesday I was busy doing something else and suddenly in the eye of my spirit, I saw a vision. I'm going to try and describe it in as much detail as I can, what I saw. I was in space and I saw the earth; the globe, suspended in space. It was night time on the side of the earth that was facing me, and I could see a lot of little lights all over the different continents. And then suddenly I saw two dark hands come into my line of vision, and these hands tossed a large, thick blanket over the earth, draped it completely over the globe, and then pulled the four corners very tight. Then I could see nothing but the tightly bound, blanketed globe. No light was coming through that blanket because it was so thick, and the corners of the

blanket were pulled so tight, I almost got the impression that whoever those hands belonged to wanted to suffocate the globe. Then I was taken under the blanket and I saw two different people. They were both women. One had a single lit candle in her little bit of space under the blanket, and the other one had a lit oil lamp, and it seemed to me that the Lord was wanting me to notice the contrast between them.

The pressing of the weight of that dark blanket was very oppressive. I could feel it now that I was under there, and it seemed that there was less oxygen under there, that it was difficult to breathe. Then, as I continued watching, I saw the candle burn down and splutter out and the person's small space was plunged into total darkness, and I watched as she was feeling around in the darkness, trying to find another candle. The woman that had the oil lamp, as time went by, the oil in her lamp was also used up - but then I saw that this woman had extra stored vessels of oil, and she refilled her lamp before the oil inside ran out completely. So that there was no interruption of light from her lamp. Then I heard a scripture, Isaiah 60:2

Behold, darkness shall cover the earth, and gross darkness the people, but the Lord will arise upon you, and His glory shall be seen upon you.

In that verse, there are two different words in Hebrew used for darkness, where it says 'darkness' shall cover the earth. The word is 'choshek' and it means 'misery, wickedness, sorrow and destruction'. So, it's speaking of a time where all these dark things are in evidence all over the earth. They cover the earth just like that blanket covered the earth. The word used for 'gross darkness' is 'araphel', and it actually means 'to drip', strangely enough.

If you are on my telegram group, I did share an old post from February 2010 on the group in the last couple of days, and it was called 'Fleeing the Fire'. I was reminded of that post as I watched this vision and specifically one phrase in the post. The post was about a time of preparation and suddenly, whatever they had been preparing for arrived, and I felt I hadn't sufficiently prepared in an area. I wanted to go back to the place where I'd been preparing in order to fetch something that I'd left behind. And the Lord said to me in the dream that I had in 2010, **"You have what you have. It has begun"**. When that blanket was thrown over the earth, that heavy, oppressive, densely woven blanket,

whatever preparations in the form of light sources those two women had made - that was it. They had what they had, and it had begun!

The wise, like ants, had stored up for the darkness of the prophetic winter they'd been warned about. They had stored up extra oil, and they used lamps, not candles. Later on in the message, I'm going to share with you what the Lord showed me about those two different light sources, but for now, I just want to concentrate on the darkness. It was the darkness that could be FELT, like the darkness that came for three days in Egypt - the plague of darkness. It was a darkness that could be felt, and it heavily blanketed the whole earth. There was not one place on the earth that was not under that blanket and feeling the pressing of it.

The Holy Spirit also pointed out to me that it came suddenly. That throwing of that blanket came suddenly. It was not like the darkness of night that we experience every day that comes gradually, so that you are warned. There was a sudden covering of heavy, dark oppression and it was held in place. I also saw that, for those who were under the blanket (which was everybody on the face of the earth), once that blanket was pulled tight, there was no connection with the throne room in the third heaven, because of that blanket, which was so densely woven there was no getting through it. It formed an impenetrable barrier. But I noticed as I watched the woman with the oil lamp and the stored oil as the oil burned in that lamp continuously. As she kept refilling it, a small hole was burnt in the blanket directly above the lamp, because of the concentrated heat from the flame - and connection with the throne room was reestablished.

Then I was taken outside of the blanket again, and I saw thin shafts or pillars of light piercing the blanket in places all over the globe. These were obviously all people that also had oil lamps and had extra oil. Then the Lord took me to the three days of darkness in Egypt. It's in Exodus 10:22. It also speaks about a thick darkness for three days. And I had a look up of that word translated 'day'. It's 'yom', and 14 times in the Word of God it is translated as 'year'. So, the three days of darkness in Egypt are a prophetic picture of three years of dense darkness - of oppression, misery, wickedness, sorrow and destruction.

So, the Lord is warning that it's going to come SUDDENLY, and then whatever you have prepared in the form of light source, YOU HAVE WHAT YOU HAVE. IT HAS

BEGUN. That lady whose candle burnt down, she couldn't run to the shop and buy another pack of six candles. She couldn't see her hand in front of her face, and when it described the dense darkness that could be felt in Egypt, it says that no one left their place or rose from their beds for three days, BUT it says in the dwellings of the children of Israel there was LIGHT. And once again the Holy Spirit drew a little circle round the name 'Israel'. In the message 'His fire arrows', which I did fairly recently, I delved into the meaning of the word 'Israel' and the root words in Hebrew that it comes from, and it conveys the ability to receive and retain something that's liquid, something that normally just flows, which is like the Spirit of God. Now I did a bit of pottery as I was growing up and that oil lamp was clay, earthenware clay, but anyone who's done pottery knows that unless earthenware is put through the fire, it can never hold and retain anything liquid.

We are earthen vessels, and we can be the lamp of the Lord, but only those earthen vessels that have been put through the fire of refinement and trying and testing in the preparation time, will be able to hold and retain the oil of the Spirit when that blanket is tossed and tightly tied over the globe. So, if you're wondering why God put you through the fire seven times hotter, it's so that you can be a vessel that holds and retains the oil that you receive from what you've stored up. Amos 5:18 says, 'The day of the Lord is darkness and not light'.

In the vision that I was watching the woman with the lamp burning had her head bent in prayer when the blanket suddenly fell and was pulled tight over the earth... and after a moment of, "Whew! What was that?" she continued praying. She felt the pressing, but the light from her lamp formed a shield around her so that she was not crushed by the oppressive weight of that dark blanket. She was also familiar with pressing, because there's only one way to make olive oil, and that is pressing and crushing.

Now that Tuesday, the Lord gave me a sign. I went to bed as usual, switched all the lights off, went to sleep, and at 3:00 in the morning, my cat woke me up. When I opened my eyes to look at the time, I saw that my digital clock light was off and I realized that we had had a power failure. So, I got up and switched on the inverter that would keep my fridge going. I checked with my little battery torch the time on my watch that was on my wrist and it said it was 3 a.m. In the morning, we discovered that the whole area was without power. Now that is three different towns that are in a basin surrounded by mountains. Nobody had any power... and the reason why was that at 3:00a.m. in the

morning, some nefarious fellows went and did some night shopping and stole all the copper wiring at the electricity substation. So, all day the power company worked at re-wiring the substation, and the power only came on at 11:00pm on the next evening. The power was stolen, or the source of power was stolen while everybody was sleeping. 3 a.m. is called the Witching Hour. It speaks of a time when strong witchcraft and demonic activity is released. You know, strong delusion is like a thick, dense blanket. You cannot see anything but the blanket, and what I was aware of when I was watching this vision of the blanket being draped around the earth, was that God was allowing it. He didn't stop it.

Now, I want to talk to you about the difference between a candle and an oil lamp. A candle is usually made of paraffin wax. They are fairly cheap. You can just go and buy a pack of six at the supermarket. Somebody else has made it. The oil lamp contains oil from the olive, and as I said before, oil is formed by the pressing of the fruit of those connected to the Root of the olive tree, which is Christ. The lamp must also pass through the fire, as I said, before it can hold the oil. Those who have oil in their lamps and spare oil are familiar with being pressed, and when they experience pressing, it causes them to press through in prayer and worship. The remnant has been doing this the whole preparation season and they have extra oil stored.

The single candle, on the other hand, is more like not doing the work it takes to get your own extra oil. It's like getting a quick snack of inspiration off the internet, but it's not forged within your own vessel. A candle is a single flame, but paraffin wax does not come from the root. Paraffin wax does not come from the fruit of the olive tree - and it's certainly not forged within your own vessel.

Now, I want you to take you to Matthew 5:26, the story of the ten virgins who go out to meet the bridegroom with their lamps. So, therefore they've prepared. They've got ready, and now they feel they're ready and they go out to meet him, but at midnight it says that the call goes out – “Behold, the bridegroom comes”. And so they go outside into the darkness... But the Word tells us in Matthew that he is delayed. So, they all fall asleep. Now what about those who are hoping for and believing for Pre-tribulation rapture, before the hour of trial and the night of dense darkness comes. They are hoping that the Lord will come and snatch them away. I want to say to you, what if He is delayed? What if He is delayed, and when you go out to meet Him and you are in the

posture of waiting for Him to come, you haven't gone to the trouble of storing up extra oil and taking it with you, because you thought He would come much earlier... That's a very tragic thing. Those with the habit of prayer and pressing in in worship over a long season that has already passed, are prepared. They have the extra oil in vessels that is needed now.

Job 29:6 says, *'the rock poured out for me rivers of oil'*. God is a Rock and there is no unrighteousness in Him. He is the Source of oil. That word 'poured out' is H6694. It also means 'to utter'. So the Rock, God, the Rock uttered words, and out of His mouth came rivers of oil and anointing. The word for 'oil' is 'shemen'. It means 'anointing' and it was often fragranced oil. Deuteronomy 32:3 says, speaking of those in the wilderness where the Lord hovered over them like an eagle with His chicks, *'He gave them oil out of the flinty rock'*. Now a flintstone is what was used for circumcision when Joshua circumcised all the children that had been born in the wilderness. When they crossed into the Promised land, it was a flint stone that was used. Oil comes out of the flinty rock. It's speaking of the circumcision of the heart.

Now I want to go back again to the candle and the oil lamp. Proverbs 5:3 says, *'the lips of a strange woman drop as honeycomb, and her mouth is smoother than oil'*. The word 'strange' woman means 'to commit adultery'. It is speaking of entering into spiritual idolatry - the counterfeit. It's like the candle versus the oil lamp. God gave His people honey from the rock and oil, but this strange woman is also offering a counterfeit of honey comb and words smoother than oil. When you enter into spiritual idolatry, you get counterfeit honey and fake oil. Paraffin candles are supplied by the strange woman. It's true prophecy being shemen or oil versus the words that are smoother than oil. That word 'smoother' means 'flattery'. So, it's true prophecy versus the stroking spirit of divination that tells you what you want to hear.

In the Song of Solomon, the Bridegroom is being described and it says His lips are like lilies dropping liquid myrrh. That word 'dropping' means 'to speak by inspiration'. So again, the Rock is uttering rivers of oil. His lips are dropping liquid myrrh oil; fragrant oil. Myrrh comes from a root word meaning 'grief'. Godly sorrow and grief, God is permitted to direct. It brings repentance, which leads to salvation. Remember, in the last message I spoke to you, how God deals with His sons with chastising and scourging. Chastising is rebuking. It's dealing with areas of the soul, and God brings conviction by the liquid

myrrh that comes from His lips. He counsels us with His eye upon us, and it brings repentance which leads to salvation. All of those words of chastening which God has used to deal with you in the time of preparation, is Him treating you as sons; drops of myrrh oil from His lips.

That word 'liquid' means 'to cross over or transition'. It's the word 'abar', which I've so often spoken about. So, the myrrh oil from the lips of God transitions one to a place of righteousness. It's all preparation for the season ahead. Beloved, the blanket of dense darkness is going to come suddenly. Those who are watching and praying and preparing and pressing in and storing extra oil have been doing what the Spirit has urged them to do in preparation for what is coming. Gather oil in the remaining time that we have left. Spend much time in prayer and in worship and in pressing in. Call upon the God who is the Rock to pour out for us rivers of oil.

I have used the picture for this podcast of my finished resin picture displaying that scripture Job 29:6 '*the rock poured out for me rivers of oil*'. And you will see in that these two dark lattice type structures in it. It is actually palm tree fibre, which is what they used to use to make baskets to put the crushed olives in. Then they would stack them on top of each other and press with a big weight, and the oil would run through the palm fibre baskets in rivers and could be collected in a vessel at the bottom. And that was what the Lord instructed me to use. But if you look at the picture, you will see that these pieces of palm trunk fibre look like the wings of an eagle, and from them is pouring the golden oil. Our God is a Rock, and He's hovering over us with the wings of a giant eagle and He has oil for us; rivers of shemen, rivers of fragrant oil for us to store up for the days of dense darkness that are coming.

That's why Isaiah 60:1 says, '*Arise, shine, for your light has come, and the glory of the Lord is risen upon you*'. Even though darkness covers the earth, His glory will be seen upon you. Hallelujah!

I do just have one housekeeping message for you. Those of you who are subscribed to receive transcripts, if you have a Gmail email account, I want to warn you that Gmail and Google announced recently that there is increased surveillance of all Gmail emails, and a lot more blocking of emails that are sent is going to be happening. So, I would really encourage you, if you use a Gmail account to perhaps also open another email

that is safer, that is encrypted like proton mail. It's also a free download (you don't need to pay for it) and then send me your alternative proton mail address if you can only use a Gmail address. Um, I want you to know that they often remove the PDFs that are attached to the emails I sent out from the bulk sending site. If the email even gets to you, but most of the time they don't. So, if you subscribed a while back with a gmail account and you wonder why you've never heard from me with a transcript, that is the reason why. If that is your problem, please write to me at freshoil@polka.co.za and I will add you to a private group that I send to from my own laptop. There is no guarantee when sending an email to a Gmail account, if it has something that they don't approve of in it, they will probably remove it and you will never know it even existed. These are just the times we are living in and there will be more and more control of communications. So, I would encourage you to open a proton mail account. You can also have it on your mobile phone. You don't have to have a desktop computer to use proton mail.

So may the Lord bless you and keep you. Be aware that that thick blanket of oppressive darkness is coming suddenly, so with all your might, gather extra oil while you have the remaining time.

Selah
