

Positioned for Protection ~ Transcript

Tomorrow, Saturday, which is the 16th of October is the 7th at the 10th of Cheshvan in the rabbinic calendar. If you are following when the new Moon was sighted from Jerusalem, if you follow that calendar, Sun is the 10th of Cheshvan and this is the day when Noah had an appointment with God, and so I want to share with you about the significance of the appointment that took place on the anniversary of this weekend way back in history, it's really significant for the remnant. And if we have understanding of the times, we can position ourselves correctly to receive.

God spoke to Noah and said, "Go into the ark, gather to every animal... (and you know, the instructions He gave him)... And in seven days I'm going to make it rain". In other words, just like I spoke about the proclamation that Cyrus released, in Hebrew, it is an 'abar kol' - a transition sound, on the 7th of Cheshvan, God released a proclamation to Noah, a transition sound, which moved and galvanized Noah to move out of the mode and the place of PREPARATION into the place of being POSITIONED FOR PROTECTION. From preparation to positioned for protection.

So, in the seven days that follow from tomorrow, carrying out the last-minute instructions that God gave to him, it must have been a very busy week for Noah. He had to gather all those animals, (no doubt God brought them and made them docile enough to be put inside the ark), but I wanted to say to you that, yes, I have mentioned there is accelerated importation for those who are positioned for outpouring.

And so, expect God to show you last-minute preparations practically and spiritually, as you move from being in a preparation stage. You're being positioned for protection.

On that seventh day, God sealed Noah and his family inside. So, the righteous seed; eight people who represented the righteous seed, were sealed in by God. On the 710th Cheshvan, God issued a proclamation of fast approaching judgment - judgment that had been decreed in heaven, recorded on scrolls in heaven, and now the time had come for the fast rollout. In fact, in one day, fountains of the deep and the heavens opened in a double portion of the pouring of judgment by water. But before that, just before that, God issued a transition message, an 'abar kol', a proclamation to His righteous seed to move to being POSITIONED FOR PROTECTION.

And I want you to know that God is releasing transition sound to you who are going to be sealed, lifted above and protected from the unrolling of the judgments that are most certainly written, decreed and about to be executed. He will seal His righteous seed. One hundred and forty-four thousand; the first fruits to God and the Lamb were sealed before judgments were allowed to be executed. In Ezekiel 9, God sent a writer with an ink horn to seal on the foreheads those who grieved over the abominations in the city - and the minute he finished the sealing, the judgment began to be executed, and it was a very great amount of deaths that followed...

So, beloved remnant; those who are appointed to be sealed and lifted above the unfolding judgments, know that in this week, God is giving you accelerated impartation and specific instruction of things you need to spend your days doing. Take heed, do them swiftly and with joy, knowing that you were appointed sealing for protection. You can look up those scriptures in Revelation 7, of the sealing of the bondservants of God before the locusts came up out of the pit. They were not allowed to touch those who were sealed; before stars fell from the sky and poisoned rivers and all sorts of things, you find that in the Book of Revelation.

Also read Ezekiel Chapter 8,9 and 10 and go and look at what happened with Noah in Genesis 6 & 7. May the Lord greatly increase the amount of light and

truth that you see and hear in these days as you swiftly and joyfully are obedient to His accelerated importation.

Oh, the Holy Spirit just reminded me that I forgot to say something - while Noah was still with his feet on the earth and doing his preparation, there was grace for people to find repentance. Noah was a preacher of righteousness, but on that day when the proclamation was released, it marked the beginning of the end of the period of grace for hearing truth and coming to repentance, for the people that Noah had been speaking to. And as Noah was lifted up and out and into the ark, it was a lifting of a period of grace to see and hear truth. After that, it was only bitter realization that what Noah had been saying was true. And although they hammered on that ark as the waters rose, God Himself had shut the door and there was no more opportunity for repentance.

So, Noah was a vessel carrying grace and his presence indicated a season of grace for truth to be received. And all over the earth, I see that there are those who have been positioned as vessels of grace, who are being now lifted out of that place and being set in safety, sealed by God himself.
