

Positioned and Peaceful ~ Transcript

Precious remnant, this morning, which is the 12th of October 2021. I'm going to be pulling together a number of things. I spoke to you last on the Lord giving the instruction to 'hover, hover' or to keep hovering continually above the chaos and dense darkness on the face of the deep in the coming days. Now what He was basically saying was POSITION YOURSELVES, POSITION YOURSELVES IN THE SPIRIT.

**If you stay in the spirit,
you will stay hovering.**

Last night, I attended a prayer meeting and during the worship I had a vision. I saw a giant tap and a hand holding the tap. I knew it was the Lord's hand and I was waiting for Him to open the tap and release the water or whatever was in the tap, and He did not do it., I just stared at this image of a hand holding a tap for quite some time. And then somebody came and put their hands under the tap and immediately He opened the tap and I heard the words, "Position yourself. Position yourself for outpouring". You know, whatever vault the tap is connected to, the contents of that vault will not be wasted in heaven's economy. But there is an appointed outpouring and the hand of God is waiting for His people to position themselves to receive that outpouring. This morning, as I was preparing to share with you, I heard the phrase 'ACCELERATION OF IMPARTATION'. In other words, a speeding up of imparting. When I was watching the vision of the tap once the person's hands were positioned to receive, the tap was opened - not in a trickle, but in a flood. And the spirit of the Lord is saying there is going to be an acceleration of impartation in these days to fully equip you to complete your kingdom assignments in the days that are ahead.

So, just like you have to position yourself in the spirit and keep hovering, you also need to position yourself for accelerated impartation. Positioning speaks of FOCUS, it speaks of ORIENTATION, and it speaks of CONCENTRATION. So

where are you focused? In which direction are you orientated? Are you looking out on everything that's going on in the Earth, or are you like Noah in the ark, who only had a window at the top of the ark, so the only way he could look out was upwards? Focus, orientation and concentration, you know, acceleration of importation is not going to happen in five-minute quickies. This is not a quick snatching of an apple out of the fridge of Heaven. This is infilling. And if you remember in my video about the frankincense, the myrrh and the gold, the Lord said, "I in-fill those I can entrust".

Now, what is really at stake here is what value do you place upon God's outpouring? What value do you place on what He is wanting to impart? Because that will determine how you prioritize your positioning and your concentration? If you are only willing to give five or 10 minutes of your day to positioning yourself for outpouring, you are not going to receive the fullness of what Heaven is wanting to pour into your spirit; your earthen vessel. And I know that many people are feeling the pressure for preparation in the natural realm for getting food supplies, fuel supplies and just putting things in place in the earthly realm, but into our 24-hour days, we have to prioritize time to receive the acceleration of importation, because things are accelerating in the earthly realm, in a negative fashion. And therefore, If I told you that the banks are going to be locked and closed down permanently in two days' time, what would you do? You would immediately get online, transfer funds, go to the banks, go to the ATMs and withdraw as much as possible before the ability to access your own finances is cut off. In Lebanon, that is exactly what's happened. The first thing that happened was the whole country of Lebanon had a blackout, which is still going on because the two power stations that supply the country with electricity shut down simultaneously because of lack of fuel. So suddenly, without warning, the whole nation of Lebanon was without power. The very next day, when people went to the banks to try and withdraw cash, to be able to buy food because they could no longer transact online (because there was no electricity for their devices) when they got to the banks, the doors of the banks were locked and they could not access any of their savings. All this happened without warning. And it's an

absolute crisis. Now, we know that things are going to go pear shaped financially very soon, and therefore one must prepare in the practical realm, but God is also wanting you to prepare spiritually for what is going to be unfolding on the Earth very, very soon. And He is saying this is why there is an acceleration of importation that's going to be happening for those who will position themselves to receive outpouring. Make time, Beloved.

MAKE CONCENTRATED, FOCUSED, HEAVEN-ORIENTATED TIME.

You are going to need every drop of what God is wanting to impart to you. And you will not be sorry that you use that time for the accelerated importation. In September 2019, just after I had done the Release of the Fire starters conference, the Spirit said to me in the middle of the night, "You must stop dwelling on Earth and dwell fully in your appointed place, in heavenly places in Christ". Now that's talking about positioning, isn't it? Attached to the statement was the understanding that in order to not only survive but thrive during the turmoil and darkness that would be unfolding on the Earth in the days ahead, we must detach ourselves from earthly moorings and supports, take up our Heaven-sent appointments and throw our whole weight upon the unchanging character and faithfulness of our Heavenly Father.

Now, how do you stop dwelling on earth when you are living and breathing on Earth? What you have got to do is loosen your roots to the earthly realm. Now, I love gardening and when I want to transplant a rose, first of all, I gently loosen the roots. Then I dig it up carefully and I place it in a black bag for transition to a new place of planting. Now, when God says you must stop dwelling on Earth and dwell fully in your appointed place in Christ, that is like loosening your roots from earthly soil, from earthly geographical locations, and allowing yourself to be put into a spiritual black bag, where you are rooted in soil, but it is a portion that is easily movable. You know, the Lord said that a time is coming when everything that can be shaken will be shaken, not some things. EVERYTHING. And this is going to be done so that what cannot be shaken will remain. Now I don't know

where you are positioned geographically in the earth, but I am certain that that shaking spoken of is coming to your street, is coming to your town, is coming to your country. EVERYTHING THAT CAN BE SHAKEN, that means everything that has to do with earthly living and dwelling. And that is why the Spirit warned that we must stop having our dwelling on earth and position ourselves mentally and spiritually in heavenly places in Christ. It's the same thing as hovering continually.

Now, I want to just direct us to what's going on on the island of La Palma in the Canary Islands. There has been a volcano erupting progressively for a few weeks now. And first of all, they evacuated a few people and a few buildings were covered by lava, and then it seemed to be slowing down and everybody sort of started reading other news. But that volcano has been progressively increasing in its eruption and the whole island of La Palma is being shaken. Everything that can be shaken on that island of La Palma is being shaken. They are experiencing continual earthquakes. In recent days, the one side of the volcano has caved in and new vents have opened that are spewing out giant pieces of molten rock the size of three storey buildings. And because the lava has reached the sea, there is a lot of silica and pollution in the air, and it's very dangerous for breathing. It will cut your lungs to ribbons in minutes and you will die of internal bleeding, and planes cannot fly in to rescue people in that environment. So, the only way off that island now is by boat. And that volcano is not letting up. You know, when it first started, the people that lived there probably thought, "Ah, it'll be a few days, 10 days... a week maybe, and everything will be back to normal".

But there is no returning to normal on La Palma. The situation is getting progressively worse. Now, I want to say to you that if you were someone living on La Palma, experiencing all this shaking, would you be shaken yourself in your emotions and in your place of peace in Christ?. Now, that is just a very tiny portion of the Earth's surface, but when it started happening, the Lord reminded me about the concept of the canary in the coal mine. In the olden days of mining,

they were often cave-ins and poisonous gases were released which killed many miners. So what they started doing was taking a canary in a cage down into the mine. And the canary would sing and move about in its little cage. But if that bird stopped singing and keeled over, they knew they had to immediately evacuate the mine because there was poisonous gas in the air and that a huge cave-in was imminent.

La Palma in the Canary Islands is the canary in the coal mine for the whole globe. It is announcing a new season when everything which can be shaken will be shaken. So, Beloved, we cannot seek shelter in the things of this earth, because we will be tossed to and fro during the shaking that's coming and the season of lawlessness and chaos, which we have already begun to experience – but, for many of us, our own home circumstances have not changed particularly much. Now I want to ask you if you were living on La Palma and you had to suddenly leave your house, knowing that you would never come back because the lava was going to completely overwhelm it, would you be mentally, spiritually and emotionally prepared for that event? Would you be like a rose bush in a black bag where you're still blossoming, you're still in the same garden, but you are not connected to the ground that is being shaken? That's what is meant by you must stop dwelling on Earth and dwell fully in heavenly places in Christ.

You must be thankful daily for the blessings that surround you - for the place where you live, for the roof over your head and the food in your cupboard and your family around you. But go through the process of sitting before the Lord and praying and releasing it all into His hands and cut any soul ties you may have to earthly geographical position and earthly possessions. I am not saying you will definitely be moving house or moving geographical location, but you may be... And it may be sudden. And those who prepare their hearts beforehand and position themselves in heavenly places in Christ experience far less emotional and mental stress and trauma when huge shaking and change comes.

Now, a friend directed me back to a message I released in 2019 after that Fire starters conference called 'Power for Flight', and I want to just read to you again a portion of that and a vision that there was in that message because it pertains to the manchild.

'We must come to a place of not only visiting the place of the throne, but of settling down permanently and allowing ourselves to be set in place in the metron appointed us as our portion of inheritance in Christ. This is the place from which we must view all that is unfolding before us in the earthly realm. This is the place where we are to make our home, even as we do mighty exploits because we know our God intimately. The Blood of Jesus paid in full for the overcomers to each receive their allotted inheritance in full, and we shall need every portion of the revelation and power that it involves to navigate the season ahead in abiding victory and deep internal peace that cannot be shaken.

When we are rooted and grounded on the rock that is Christ, that rock is unshakable and immovable, and we ought to conform our minds fully to the fact that we are citizens of another kingdom - that we are wayfarers and strangers on the earth, and we are not citizens of the geographical area we find ourselves walking in. We are merely Christ's ambassadors in this place. All of this involves a leaving and a cleaving, a process of deliberately letting go of one thing and a determined seizing of another higher and eternal reality. It is a pulling up of our roots wherever we find ourselves and allowing them to only be put down to grow deeper and more firmly into Christ. He is the ground that we are planted in. He is our dwelling place. And He is our home.

On the 22nd of September 2019, the Holy Spirit instructed me to sing in tongues the whole way through a worship service I was in, and as I did this, I was shown a vision. Initially, I saw a dull grey butterfly, which looked as if it had come out of a mould and seemed to be made of some sort of metal. It was placed on top of a cork which was sealing a wine bottle. And as I sang the words which the spirit was giving me, the greyish wings began to stir and move up and down, and the

grey layer was removed. It seemed to be ash, displaying many jewels set in place in the wings of the butterfly. And the more I worshipped, the more energy seemed to be imparted to the wings of the butterfly, and it rose up towards the heavens, pulling the cork with it. I knew somehow that the open bottle contained a portion of the best wine, which had been reserved for release at the time of this butterfly's flight, and that the opening of the bottle was generated by the power of the Spirit and my worship.

That's the key there, Beloved – WORSHIP! As I watched the butterfly soar higher, I could see angels leaning over the balcony railings excitedly watching for something that was about to happen. And then, somewhere up high, a lion began to roar and my line of vision was shifted to its location. Now, as I describe this, Beloved, I want to say to those who are artists among you, please will somebody paint this scene that I am about to describe? It needs to be seen and released in the Earth. I saw the Lion of Judah roaring and the butterfly with the jewel wings was positioned inside his mouth. There was a river of liquid flowing earthwards of His mouth and the butterflies surrendered and yielded itself to the flow, and the jewels in the wings became liquid rainbow colors of the sevenfold Spirit of God, raining down upon the earth in the mighty outpouring.

The pouring out of the roar was not random, but over a specific location where an altar had been built in the wilderness. Initially, it had looked as if the stationary butterfly was just a moulded decoration of the cork; part of what was blocking the release of the contents of the bottle. But the Spirit showed me that there was a company of saints who had been completely dismantled and rebuilt or remantled while soaking in Heaven's wine away from the eyes of men. The parameters of the change had been set in stone in God's blueprints in Heaven, but the fullness of transformation would only be revealed once the breath of the Spirit was released with a kairos sound from the throne. And that's what Heaven is waiting for - that worship sound from the throne. Position yourselves before the throne, Beloved, and release the sound of continual worship!.

They had emerged from this preparation chamber or womb, had been positioned and set in place just like a butterfly ready for their first assignment under the power of the Spirit. The first assignment was to open up the very same contents for the set-apart Bride to drink from and to set in motion the next season in kingdom purposes. I was given understanding that the butterfly represented the manchild company who rose towards the throne with the equipping of the seven Spirits of God. Just as the birth and ascension of the manchild in Revelation 12 triggered the release of the woman from her birthing assignment so she could be transitioned to her appointed place in the wilderness, so too, the ascent of the butterfly triggered the opening of a bottle of the very best wine kept 'til last.

The positioning of the butterfly in the mouth of the Lion tells us that the manchild will be involved in the release of the roar of God in the earth; that this company will surrender completely to their call and become part of the mighty roar of creative sound released over the woman in the wilderness - and incorporated in the sound will be the ministrations of the seven spirits of God.

So, we know that the manchild will be involved in ministering to, feeding and preparing the Bride during the three and a half years of the dragon's flood. The flooding sound of Heaven's best wine poured out on the surrendered Bridal company in the wilderness will impart all that is needed to sustain, strengthen and equip her for kingdom purposes. The dragon releases a river of death, but the Lion of Judah releases a river of life and power.

Beloved, pray much in tongues over yourself in these days, worship much in the language of the Spirit, as this is a key to right positioning and empowerment for the season ahead. A worm walks along a leaf, but a butterfly soars in the heavens. You are positioned in the starting gate, waiting for the wind of the Spirit to announce your release Heavenwards. And the full spectrum of the transformation that the Spirit has effected in you will become visible as you rise and soar and become a part of the frequency of His roar resounding in the earth.

Stop dwelling on earth and position yourself fully in heavenly places in Christ.
There is an acceleration of impartation for those who position themselves rightly
in these days.
