

Greetings in the precious Name of Jesus.

Recently, the Lord warned me again concerning sudden inability to access my website. Here is how it happened. I was driving my car home, thanking the Lord for a new car (because mine is getting really old now) and then my daughter, whose name means 'victorious overcomer', quickly borrowed the car to run some errands. As she pulled away from a traffic light, there was a loud noise and the engine died. Fortunately, she had enough momentum to coast gently to the side of the road on the other side of the intersection. To make a long story short, the computer box which controlled all the electrical systems of the car had died. When the car only took 3 ½ days for a new part to be located and fixed, I had the suspicion that there was a message in this whole experience, as the woman flees to the place prepared for 3 ½ years.

So, I asked the Lord and was reminded that often, in dream symbolism, a car represents ministry. Secondly, the intersection consisted of two roads – Main Road and Van Der Byl Road (axe road in English). So, the victorious overcomer was making use of my ministry to transition or cross over the main flow of traffic, or the way most of the world was going. Midway in this transition, the ability to access the power available through my ministry was cut off. This sudden cutting off involved computers, electrical pathways and generally referred to the ability to access the internet. I sensed that the remnant would have their access to my website and probably many others that they were using to power their transition suddenly removed.

Having understood the warning, I felt it was important to put into your hands the material the Lord has given me to share in a way that it could be available to access on your own devices if the internet goes down. So, I have made zip files available of all the podcasts on the podcast page AND also a zip file of all the written messages on my website. To download them, right-click on the link and then click 'save as' and choose the place you want to store them. To extract the individual files once downloaded, right-click the zipped folder and then click on 'extract all'.

- To download podcast zipped file, go to <http://67.211.218.91/media.php>
You will find it labelled 'zip' under 1)

- To download zipped file of text messages, go to <http://67.211.218.91/the-storehouse.php>
It is the first clickable link on this page.

I also want to make you aware that a ministry in Spain has taken the audio of part 1 of my series Divine Image Destroyed and made a very powerful video. There are two versions available, English and **another with Spanish subtitles**.

I really praise God for this divine networking as I have never met these people and yet He used them to put together a very powerful tool for people to use. I know I have an increasing Spanish readership and the Lord is now making this message available to the Spanish speaking world. Halleluiah!

If you have been looking for material to share with Believers who are confused about whether to subject themselves to the witch's brew being pumped into their bodies, here is a 15-minute video dealing with the spiritual implications of this choice.

You can both watch and download either version of this message at the following link:
